To whom it may concern:

Review of Contributions to Candidates, Section 88.34 (2)

Please see the attached copy of the cheques that were used to donate in total \$5400.00 to 5 different candidates in the most recent municipal election.

These were donations made between myself and my wife. We share the bank account as you can see. When asked for simplicity I simply said “yes” to each councilor candidate asking to mail the receipt to me not knowing this would be an issue. This is not the case for the donation to then mayor Rick Goldring.

Please adjust these donations accordingly so that half of all of these donations, save and except the one to Rick Goldring, are actually credited to my wife Andrea Tkaczyk.

Thank you
