CARRIED

j. Advisory committee review (MO-04-20)

Direct the City Clerk to complete the review of advisory committees as follows:

New Consistency-Based Initiatives:

1. For all existing and future committees, review and create consistent terms of reference that provide standardized information about the role of the committee including:

- the general role of an advisory committee, what it is, what it isn't, and its relationship to council
- the unique purpose of the committee
- any specific tasks/activities expected to be undertaken by the committee in addition to advice being given to council (for example: public engagement, educational workshops or seminars, cycling or walking tours, etc.)
- the expected tenure of committee and whether it will be a) legislated, b) standing (permanent), or c) task-oriented with a sunset provision
- a provision for mandated review, whether coinciding with each term of council or some other frequency
- details related to chair and membership, including alternates, and terms of office
- standardized training and orientation for new and returning members
- standardized recruitment and appointment procedures, including a broader range of methods used to recruit/notify the community of opportunities to volunteer
- the expected meeting schedule and frequency
- related budget, and the appropriate mechanism to request changes to budget
- the expected level of administrative support to be provided by clerks and the council-member-designate on the committee
- a dispute resolution process

- a code of conduct for members at meetings and when dealing with staff, the public and council
- a communications protocol for the committee, including stand-alone websites, webpages, and social feeds
- other matters arising as needed.

2. In service to recommendation #1 above, schedule a workshop for council to gain a consensus on the role, function, structure, standardized terms of reference, recruitment and tasks of advisory committees in general, and specifically the ones under the review section.

3. Review the input received from the public, council, action labs, and advisory committee review volunteer working team report and advise how the recommendations will be used.

4. Report back on options for greater engagement opportunities using digital technologies, civic lotteries, and other tools, and in what circumstances each tool would be best deployed.

5. Report back with a plan for open government to enhance transparency, accountability, and connection between community members and city hall.

6. Report back on options for resident recognition programs and/or events, and exploring, among other possibilities:

a) revised/rebranded Burlington's Best/Civic Recognition/Inspire Burlington;

b) partnership with the Key to the City program; and/or

c) incorporating recognition into the annual Burlington Day festivities being developed by the mayor's office in partnership with the recreation services department to launch in 2021.

Status Quo/Existing Initiatives:

7. Maintain the provincially legislated committees intact - specifically Accessibility Advisory and Heritage Advisory - and complete recruitment of any new members and alternates where there are vacancies. Once the consistency exercise of recommendation #1 is complete, update the terms of reference accordingly to include standardized information applicable to all committees.

8. Maintain those committees intact which have a clear mandate, longstanding history and are functioning well, specifically the Mundialization Committee, Downtown Parking Advisory Committee, and Sustainable Development Advisory Committee. Once the consistency exercise of recommendation #1 is complete, update the terms of reference accordingly to include standardized information applicable to all committees.

9. Maintain, as-is, the newly formed Agricultural and Rural Affairs Advisory Committee which, as a new committee, already has updated terms of reference, current membership and a workplan. Once the consistency exercise of recommendation #1 is complete, update the terms of reference accordingly to include standardized information applicable to all committees.

New Review-Based Initiatives:

10. Report back on the possibility of creating one advisory committee related to mobility that would incorporate the existing Cycling Advisory Committee and Integrated Transportation Advisory Committee. Determine whether to incorporate the proposed Transit Committee or establish as a stand-alone committee, using the terms of reference of the former Transit Committee (Appendix A) as a starting point for review.

11. Strike a task force of community members to review the terms of reference developed for the former Waterfront Access and Protection Advisory Committee (Appendix B), and the recommendations arising from their final report to council (Appendix C) and report back with a recommendation on a structure moving forward for a Waterfront Committee, whether task-oriented/temporary, permanent standing committee, or other structure.

12. Consult with the Millennial, Seniors' Advisory, and Inclusivity Advisory Committees on items including, but not limited to role, activities, staff support, structure, membership selection and recruitment, tenure (standing or task-oriented), recommendations from the residents' report, and report back to council with options. Once the consistency exercise of recommendation #1 is complete, update the terms of reference accordingly to include standardized information applicable to all committees. Items unique to specific committees to be discussed:

a) for the Millennial Committee: a name change to reflect the young adult population, and an age range to be determined (eg. 25-40, post-high-school 19-40, etc.).

b) for the Seniors' Advisory Committee: a name change to reflect older adults, and an age range review (eg. starting at 55+).

c) for the Inclusivity Advisory Committee: options to incorporate inclusivity in each advisory committee, with a dedicated member, or maintain a stand-alone committee.

13. Consult with the recreation services department to build on and potentially formalize the newly established Burlington Youth Council to engage high school students in Burlington and provide a connection to city council.

14. Motions:

14.1 Shared Streets Burlington Motion (ADM-02-20)

Moved by: Councillor Stolte

Seconded by: Councillor Kearns

Direct the Director of Transportation Services to assess, create and implement as soon as possible, and with input from other city departments and members of the Cycling and ITAC Committees, a “Shared Streets Burlington” Pilot Project with the goal of temporarily closing portions of roadways to allow for safer physical distancing for pedestrians and cyclists for the duration of the COVID-19 pandemic.

Moved by: Councillor Nisan

Amend the Shared Streets Burlington Motion (ADM-02-20) by adding the following paragraphs to the end of the motion:

That in determining where, how and when to close a street or a portion of it, the Director of Transportation would use the following criteria:

That a street or portion will only be closed based on an identified need to ensure social distancing for pedestrians and mobility devices; and

That the identification of a need to close a street or section of a street would be determined based on consultation with local residents and/or businesses in the immediate vicinity of the street closure, as well as identified crowding that has been observed or can be predicted based on pedestrian counts and data available to the Director of Transportation; and

That the street or portion of the street considered for closure is a connector to essential services or parks where there are not other routes available to access those areas while also maintaining social distancing; and

That the streets that are closed are not widely publicized to avoid people leaving their neighbourhood to congregate on those streets; and

That the communications plan for a street closure include advising people they are not to leave their own neighbourhood to visit the closed portion of the street; and

That consideration be given to timed closures that coincide with the busiest observed or predicted use (for example on weekends for set times rather than 24/7); and

That other criteria as determined by the Director of Transportation, Region of Halton Public Health, the city's Emergency Management Group, the Integrated Transportation Advisory Committee, the Cycling Advisory Committee and consultation with local residents and businesses in the immediate vicinity of a potential pilot project.

Moved by: Councillor Nisan

Seconded by: Councillor Galbraith
