16 June 2017

Dear Lynn Robichaud,

Thank you for applying to the Ministry of Energy's Municipal Energy Plan (MEP) program on behalf of the City of Burlington. Your application has been reviewed and I am pleased to inform you that it has been approved for funding.

As we continue to implement Ontario's 2013 Long-Term Energy Plan, conservation will be the preferred choice whenever cost-effective. Municipal Energy Plans are part of our government's commitment to supporting and engaging municipalities by improving the province's energy planning processes. Your project will help the City of Burlington identify opportunities for conservation and green energy and support local economic development.

We look forward to working with the City of Burlington over the course of the MEP program.

Sincerely,

A handwritten signature in dark ink, appearing to read "Paul Johnson", written in a cursive style.
