Re: 418 Burlington Avenue – application for demolition

---

At the recent meeting of the Heritage Burlington Citizen Advisory Committee, held on Tuesday, May 15, 2018, the committee reviewed the information provided by city staff related to the property known as 418 Burlington Avenue. After a thorough discussion, the following recommendation was approved:

Remove the property known as 418 Burlington Avenue from the Municipal Register of Cultural Heritage Resources.

The rationale for the committee's decision rested mainly on the limited number of attributes that would qualify the property for designation. Apart from similar setback and scale in relation to neighbouring properties, the property on its own does not display, in a meaningful way, attributes that would lead to designation.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "H. Bohan", is written over a light blue horizontal line.
