<http://www.ted.com> In James Howard Kunstler's view, public spaces should be inspired centers of civic life and the physical manifestation of the common good. Instead, he argues, what we have in

“Your ability to create places that are meaningful, and places of quality and character, depends entirely on your ability to define space... with buildings. And to employ the vocabularies, grammars, syntaxes, rhythms and patterns of architecture **in order to inform us of who we are.**”
