

IT-01-19 File #200-2

Enterprise Resource Planning (ERP) Update

Presentation to Committee of the Whole
April 1, 2019

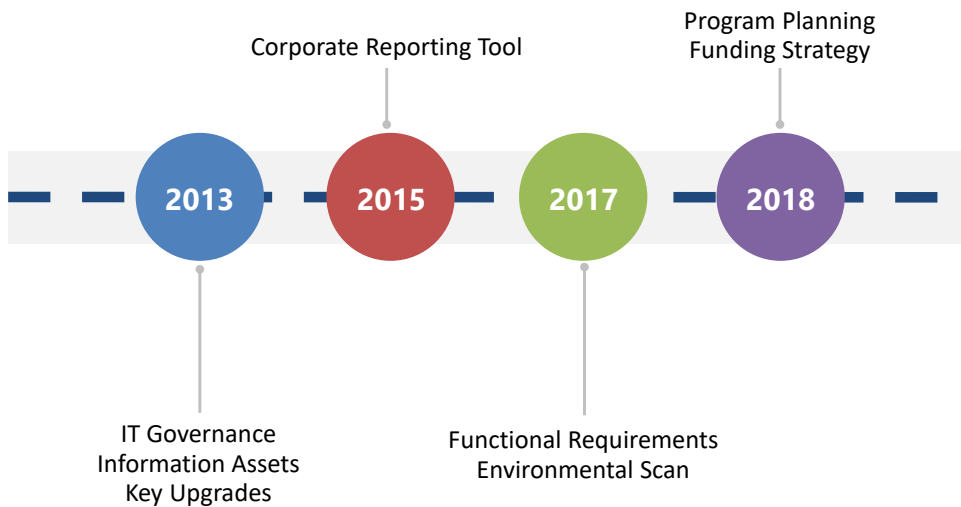

Enterprise Resource Planning

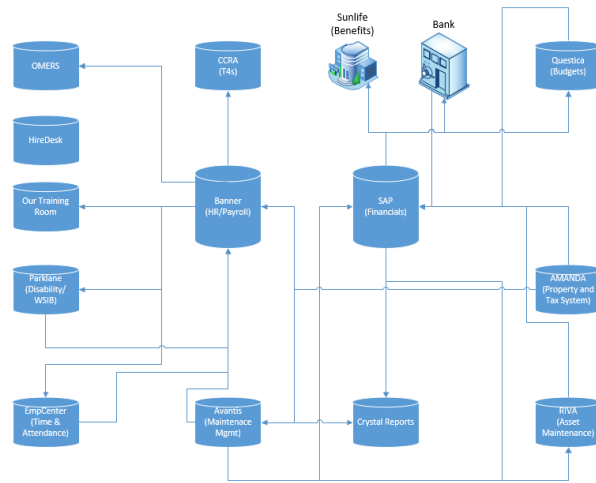

ERP Journey

Current State

- Risk
- Obsolescent systems
- Specialized skill sets
- Catching up to change
- Data
- Frustration

- Consolidated software solution
- Innovation
- Continuous improvement
- Data-driven decision making
- One version of the truth
- Improved employee satisfaction
