Mayor’s Message

There are many new faces around the table at City Council and I’m excited and proud of what we are committing to accomplish for the people of Burlington over the coming four years.

The City’s long-term 25-year strategic plan reflects many of the priorities we identified in our respective campaign platforms. The plan will continue to evolve as our city changes, and our new council responds with new ideas. We are also committed to taking action in our four-year term to begin to implement the plan, where it aligns with our collective vision for Burlington.

That is why we have created a four-year work plan: to focus on what actions we can take in this term of council to deliver on the commitments we made during our respective election campaigns, many of which are captured in the strategic plan. The good news is that there is already a high degree of alignment among our individual campaign platforms, and with the elements in the 25-year Strategic Plan. This will allow us to hit the ground running with actions that benefit our residents.

The citizens of our community voted for change in the last election. They told us on the campaign trail, and through their votes, that they wanted to see limits to overdevelopment and intensification, better traffic management, protection of our green spaces, and more respect and civility at City Hall.

In the short time we’ve been privileged to serve you, we have implemented an Interim Control Bylaw to pause development in our downtown core and around the Burlington Go Station to better evaluate the long-term vision we have for growth in this area and ensure it represents the wants and needs of our community. We launched the Roseland Private Tree Bylaw to help protect and preserve the tree canopy in one of the oldest parts of our city. We passed motions at City Council to make it clear to the Provincial Government that we would not support development in our greenbelt, and that we are opposed to amalgamation with neighbouring municipalities. We debated the hot topic of allowing retail cannabis stores to operate in our city and voted how our constituents asked us to, with respectful debate as we reached a final decision together.

We launched the Red Tape Red Carpet Task Force to bring together business owners across all industries to identify obstacles to relocation and growth here in Burlington, and work together to remove them. We worked together to pass a new budget that provided the lowest tax increase for our residents in 8 years while still adding new services that add value to our city.

Most importantly, we have prioritized connecting with our constituents and making sure everyone feels that their voice matters. We attend community fundraisers, local sporting events, flag raisings and proclamations, new business openings and school tours, and meet 1 on 1 with constituents every day to help engage people from every corner of our city.

Our vision for the next four years is to continue on this very path. We will focus on key priorities like the environment and climate change, transit, and the health and well-being of our residents and businesses. We’ll deliver the customer service levels you deserve and ensure every voice in our community is heard and valued. We’ll do it all while operating with integrity, transparency and respect in everything we do.

Burlington is an amazing city, and we look forward to supporting its ongoing success and evolution... together.

- Mayor Marianne Meed Ward
A Commitment From Our Leaders – We Will…

The City of Burlington is a place where people, nature and business thrive. Burlington Council and the Burlington Leadership Team will work towards common objectives in partnership with our community to address our changing city and contribute to the quality of life for residents.

This 2018 to 2022 Plan: From Vision to Focus is our corporate work plan that prioritizes key strategic directions from Burlington’s long-term 25-year Strategic Plan and detail key goals and strategic actions required to move these priorities forward during this term of Council. It is important to note that some initiatives identified in this plan may go beyond the 4-year term and will be carried over into future years for continued implementation.

Together, we will build on the vision from the 25-year plan and focus in on the specific initiatives and actions that bring us closer to achieving the vision; A City that Grows, A City that Moves, A Healthy and Greener City and An Engaging City. To make that happen, this plan takes into consideration the wide range of programs and 39 City Services delivered to the community and the commitment we have in delivering trusted, effective and efficient services to everyone.

A series of joint workshops and engagements were held with the 2018-2022 Burlington Council and the Burlington Leadership Team to reconfirm the specific focus areas and define goals and actions required to execute on the plan.

**We will align resources to ensure we make progress in these focus areas:**

1. Increasing economic prosperity and community responsive city growth
2. Improving integrated city mobility
3. Supporting sustainable infrastructure and a resilient environment
4. Building more citizen engagement, community health and culture
5. Delivering customer centric services with a focus on efficiency and technology transformation

We will share regular updates on the implementation and progress of the plan with the citizens of Burlington. We will let our community know our achievements and progress on the 2018 to 2022 Burlington Plan: From Vision to Focus that helps realize our long-term vision for the City of Burlington.

**Together we commit.**
Our Organization’s Values

At the City of Burlington trust, respect, honesty and integrity are considered foundational values of our organization. All employees will not only promote and live these values, they will also receive them in return.

Our organizational values express what is important to us and will guide our behaviour and how we work together.

Corporate Alignment and Accountability

Burlington’s 2015-2040 Strategic Plan is a long-term vision for the future. It is a framework for critical decision-making and guide to how we manage our resources today to position Burlington for the future. It is the result of a year of engagement that included residents, businesses, community groups, city employees and members of Burlington City Council.

This 2018-2022 Burlington’s Plan: From Vision to Focus document is the corporate work plan for the term of Council to align with the long-term vision of the 25-year Strategic Plan.

Burlington’s corporate alignment and accountability is built on Service Management (see page 7) and Results-Based Accountability Frameworks. A Results Based Accountability Framework takes into consideration two types of accountability:

- Community Measurement Results
- Performance Measurement Results.

<table>

How To Read The Plan

This document is divided into 5 focus areas which are aligned to the 25-year Strategic Plan and the delivery of city services to the community.

Focus Area 1 - Increasing Economic Prosperity and Community Responsive City Growth

Focus Area 2 - Improving Integrated City Mobility

Focus Area 3 - Supporting Sustainable Infrastructure and a Resilient Environment

Focus Area 4 - Building More Citizen Engagement, Community Health and Culture

Focus Area 5 - Delivering Customer Centric Services with a Focus on Efficiency and Technology Transformation

When reading through each of the focus areas, there are goals outlined for each with key actions that will be executed within the 4-year term of Council. There are success indicators [e.g. key performance indicators or progress expectations] identified for the goal area. Each has been defined below. In addition, a supplementary “Action Plan at A Glance” summary has been provided with a Council report to identify proposed target completion dates and lead roles for the actions. This summary focuses on actions that are major studies, master plans, strategies and reports that are time sensitive and are essential to the progress of the 2018-2022 Burlington Plan: From Vision to Focus. These actions are highlighted and placed first in the column of this document.

<table>
<thead>
<tr>
<th>We will achieve...</th>
<th>We will need to execute on these key actions...</th>
<th>We will know we are successful when...</th>
</tr>
</thead>
<tbody>
<tr>
<td>These are specific goals that will be accomplished.</td>
<td>These are the actions, projects or initiatives to be accomplished within the 4-year term of Council to either maintain, change or advance the situation, circumstances or behaviours.</td>
<td>These are measures of how well a service, circumstance, situation or behaviors are working to contribute to our community well-being. These measures can also answer the question “How will we know we have reached the intended progress or completion?”</td>
</tr>
</tbody>

<thead>
<tr>
<th><strong>We will achieve...</strong></th>
<th><strong>We will need to execute on these key actions...</strong></th>
<th><strong>We will know we are successful when...</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Economic prosperity with our commitment to...</td>
<td>- Implement the recommendations of the Red Tape Red Carpet Taskforce to make it easier for businesses to locate and thrive in Burlington, attracting more investment</td>
<td>- Increase employment by 1,000 jobs per year</td>
</tr>
<tr>
<td>1. Supporting and maintaining a diverse economy in small business, commercial, industrial, and office sectors</td>
<td>- Work with Burlington Economic Development Corporation to create and implement strategies to focus on:</td>
<td>- Maintain or increase the non-residential to residential tax ratio</td>
</tr>
<tr>
<td>2. Creating a competitive business investment environment in Burlington (e.g. taxes, incentives)</td>
<td>- Creating jobs and achieving long term economic vision for the City of Burlington</td>
<td>- Reduce or maintain the commercial vacancy rates</td>
</tr>
<tr>
<td>3. Increasing options for employment opportunities in Burlington</td>
<td>- Reducing commercial and industrial office vacancies and reducing barriers in attracting businesses</td>
<td>- Increase the growth of business (total and by sector)</td>
</tr>
<tr>
<td></td>
<td>- Developing attraction and retention strategies for knowledge-based/technology-intensive industries</td>
<td>- Increase the percentage of residents working and living in Burlington</td>
</tr>
<tr>
<td></td>
<td>- Developing and implement a Retail Strategy</td>
<td>- Higher ratio of knowledge-based/technology-intensive business to manufacturing business</td>
</tr>
<tr>
<td></td>
<td>- Supporting small business and tech incubators</td>
<td>- Increase available employment lands to 50 hectares</td>
</tr>
<tr>
<td></td>
<td>- Assess the use of one or more Community Improvement Plans including options for incentive programs for business development</td>
<td>- Attract 10 companies per year to Burlington</td>
</tr>
<tr>
<td></td>
<td>- Remove constraints on availability of employment lands</td>
<td>- Have 400,000 square feet of office and commercial space leased annually</td>
</tr>
<tr>
<td></td>
<td>- Develop a plan to activate key parcels of vacant employment lands and facilitate vacant employment lands being shovel ready.</td>
<td>- Increase the industrial supply</td>
</tr>
</tbody>
</table>

| 4. Diversifying the employee demographics that participate in engagement activities |  |  |
Taking Stock and Calibrating

This refers to the activities and rigorous processes that will support...

- Reviewing the action plan,
- Making any changes,
- Reviewing resourcing and organizational capacity,
- Establishing and reassessing priorities,
- Reviewing new constraints and new opportunities.
Progress on Burlington’s Strategic Plan 2015-2040

Over the past 4 years there have been accomplishments in delivering initiatives that were identified in the 25-year long-term plan. Outlined below is a snapshot of some significant initiatives completed. As part of this 4-year plan, From Vision to Focus, we will continue to track progress and report to Council and the community on these accomplishments, in the time frames outlined on the previous page, “Monitoring, Measuring and Reporting”.

Community Building Programs and Policies

Building programs and opportunities for our community to engage with our city was a focus and outlined in the 25-year long term Burlington Strategic Plan 4.2 Community Building through Arts and Culture via Community Activities. An Engaging City, “makes all residents feel welcomed and part of the cultural fabric of our city”. Over the past 4 years the following actions have helped to increase Burlington’s community engagement;

- Expanding the Public Arts Program through policies and programs such as art on private properties
- Supporting initiatives that empower community building at the neighbourhood level such as the Love my Hood community led events and the development of a community matching fund.
- Building community through Arts and Culture by reaching out to new and diverse communities in events such as the Burlington Performing Arts Centre Cultural and Diversity Festival; a new festival created as part of Culture Days that showcased over 25 performers from Burlington.

Launch of TechPlace

TechPlace was the creation and launch of a system and place that supports the startup and growth of businesses, innovation hubs and entrepreneurship to promote economic growth (Burlington Strategic Plan 1.1 Promoting Economic Growth).

A Burlington Economic Development Corporation led initiative opened the doors to businesses with the intent to help technology, talent and ideation come together under one roof.

Anchored by two co-location partners, Haltech and Angel One Investor Network, TechPlace provides tech companies (both new and growing) with access to space, resources, programming and mentorship through a growing partnership network and by creating an environment that’s focused on generating opportunities for networking and growth.
A Code of Good Governance

In April of 2018, The City of Burlington Council Code of Good Governance was established and approved by Council. The Code of Good Governance is designed to achieve excellence in governance and promote public trust and confidence in Council and the City. [Burlington's Strategic Plan 2015-2040, An Engaging City: 4.1 Good Governance].

The City of Burlington's Council Code of Good Governance serves four main purposes:

1. To set out, in manner that is aspirational and proactive, clear expectations of the governance behaviour of members of Council
2. To provide clarity to the public as to the behaviour they can expect from members of Council, and the governance responsibilities that go beyond those in the Municipal Act.
3. To provide guidance to members of Council in the conduct of their duties as elected officials.
4. To provide a mechanism for responding to alleged breaches of elements of the Code.

With the Code of Good Governance, the City of Burlington has set the tone for positive behaviours, expected conduct and reinforces Burlington’s governmental responsibility and accountabilities to the community.

An Age-Friendly Strategy

An Age-Friendly strategy for seniors was identified in Burlington's Strategic Plan 2015-2040 (A City that Grows: 1.3 Focused Population Growth). Burlington's Active Aging Plan (BAAP) was developed and adopted by the Council and Burlington staff. This strategy includes plans and actions that promote health, recreation and transportation needs.

The Burlington Active Aging Plan represents a response to the growing proportion of older adults in Burlington and concentrates on:

- Transportation and transit
- Outdoor spaces and buildings
- Social inclusion which includes respect and social participation
- Civic participation
- Communication and information

The BAAP is intended to foster an accessible and equitable community, where programs and services are in place to support the values of inclusion, respect, dignity, independence and diversity for Burlington residents of all ages.

Currently, the BAAP plan continues to be part of the ongoing actions implemented in daily operations and service delivery.
2019 Making Investments into the City’s Future

A city increase of 2.99% results in a 1.96% overall tax increase when combined with Halton Region and boards of education. A home assessed at $500,000 will see in a tax increase of $75.40 for the year.

- **$565k** Additional temporary funding to protect city trees from invasive species
- **$2.8M** Towards the capital program to renew aging infrastructure
- **$35k** To support a 1 year pilot of a home fire safety program
- **$976k**
  - $235,800 for an 18-month pilot program providing free transit to seniors Monday to Friday during off-peak hours
  - $108,200 for free transit for residents who qualify for Halton Region’s subsidized passes for low income transit
  - $103,463 for operating costs of a new Specialized Transit (Handi-van) including one new operator
  - $528,778 for the operating costs of 3 new buses including 6 new transit operators
- **$114k** For additional seniors programming staff
- **$173k** For additional staff at newly renovated Museums of Burlington
- **$254k** To increase sidewalk snow removal maintenance standards
- **$67k** To increase maintenance at Burloak Regional Waterfront Park
- **$222k** For the operating costs of 2 new municipal bylaw enforcement officers
- **$528,778** for the operating costs of 3 new buses including 6 new transit operators

$235,800 for an 18-month pilot program providing free transit to seniors Monday to Friday during off-peak hours.
2018-2022 Burlington’s Plan Vision to Focus Summary of Goals to Achieve

**Focus Area 1**
Increasing Economic Prosperity and Community Responsive City Growth
- Supporting and maintaining a diverse economy in small business, commercial, industrial, and office sectors
- Creating a competitive business investment environment in Burlington (e.g. taxes, incentives)
- Increasing options for employment opportunities in Burlington
- Increasing options for housing in Burlington
- Increasing options for learning institutions
- Maintaining and continually developing a safe city

**Focus Area 2**
Improving Integrated City Mobility
- Improving traffic flow
- Being a vision zero city that strives to create safe streets for all users and eliminates fatalities and serious injuries on streets
- Increasing Burlington Transit service levels and growing overall ridership
- Improving the transit modal split
- Improving access to Burlington Transit service

**Focus Area 3**
Supporting Sustainable Infrastructure and a Resilient Environment
- Including citizen engagement; to be responsive to citizens needs in infrastructure and new infrastructure growth
- Ensuring growth is financially sustainable and pays for new infrastructure
- Reducing the infrastructure funding gap for all city owned assets
- Delivering on carbon neutral initiatives
- Increasing the use of sustainable development materials
- Protecting and enhancing the city's creeks, streams and waterfront
- Increasing the tree canopy city wide
- Maintaining the current urban/rural boundary

**Focus Area 4**
Building More Citizen Engagement, Community Health and Culture
- To continue to maintain the number of residents who live within a 15-20 minute walk from parks or green spaces
- Building more parks associated with development in new growth areas across the city
- Focusing on the health and wellbeing of older adults
- Focusing on increasing recreational programming for our growing and diverse communities
- Being a municipal leader in community engagement, collaboration and volunteerism
- Improving satisfaction rates of City Services with all residents with an interest on connecting better with newcomers to Burlington
- Improving citizen advocacy and satisfaction with Citizen’s Advisory Committees, Standing Committees, and public meetings
- Increasing advocacy to other levels of government to ensure Burlington’s voice is heard
- Improving community engagement with diverse communities
- Increasing our commitment to arts and culture to be a welcoming city

**Focus Area 5**
Delivering Customer Centric Services with a Focus on Efficiency and Technology Transformation
- Ensuring that strategic initiatives and corporate projects are resourced and sustained.
- Ensuring efficient, effective and economical service delivery
- Enhancing City services and delivery of citizen self-service options through technology.
- Ensuring financial sustainability with a reasonable tax rate increase that focuses on citizen services
- Delivering on efficient and effective project management and accountable corporate performance
- Increasing community and customer input into how the city delivers services
- Enhancing and emphasizing a customer first approach in all city service areas
- Developing employees to fill management vacancies from within
- Improving our employment identity to become a top employer in the Greater Toronto and Hamilton Area
- Increasing employee engagement and workplace culture scores
- Diversifying the employee demographics that participate in engagement activities
