- 

Sailors Draw Public Activity

- ▶ Sailing and sailboats draw public and community interest
 - ▶ The core community with interests at the LaSalle Pier is the boating community
 - ▶ Activity occurs year round at LaSalle, but more vigorously in the summer
 - ▶ BS&BC offers the Aldershot community important recreational opportunities
- 

Why BS&BC believes COB should support LPMA's Safe Harbour

- ▶ Much or most of the current activity and community engagement that is supplied through the support of our membership will be lost if they cannot expect a Safe Harbour.
 - ▶ We urge Committee & Council to support the Recommendations in the City Manager's Report CM-1-19 to release the RFP for the new Wavebreak upon Council's ratification.
 - ▶ Thank you
