

CITY OF BURLINGTON 2019 SERVICE DELIVERY REVIEWS

INITIAL BRIEFING FOR BURLINGTON COUNCIL – COMMITTEE OF THE WHOLE

SEPTEMBER 9TH 2019

RECENT HISTORY

- Provincial Audit & Accountability Fund offers seed money for 3rd party Efficiency Reviews
- City Manager's Report CM-14-19 sets out a proposed work plan for 4 Service Reviews to be funded by Audit & Accountability Fund (\$250k)
- Council endorses CM-14-19 recommended work plan
- Burlington Service Review proposal accepted by Province & the Performance Concepts/Dillon review team retained by City Manager/Staff team

BURLINGTON'S EVOLVING SERVICE DELIVERY REVIEW MODEL

- Annual service delivery reviews linked to strategic plan priorities & annual budget process...an expression of Burlington's commitment to taxpayers re. **continuous improvement**
- Rotating reviews across City services/business units according to a multi-year work plan extending across each term of Council
- Focus on value-for-money/cost savings/efficient processes & sustainable service levels
- Provincial seed money in 2019 can leverage the development of the City's permanent service delivery review model
 - Aligning Council's strategic planning priorities with annual budget cycle
 - Staff capacity building via LEAN thinking/training

PROVINCIAL GOVERNMENT 2019 SEED MONEY FOR MUNICIPAL EFFICIENCY REVIEWS

- Service delivery reviews (draft) to be completed by mid-December and posted on City website...reporting to Province will include an estimated cost savings ROI
- Burlington portfolio of reviews:
 1. Development Approvals Process (Zoning/Grading Clearances + Minor Variances + Tree Removal)
 2. Winter Control (Roads + Sidewalks)
 3. Green Fleet
 4. Leaf curbside non-bagged pick-up (Annual Fall program)

SERVICE DELIVERY REVIEWS 101: BURLINGTON'S ROI

- Continuous Improvement ROI
 - ✓ Process streamlining/doing it better. Leveraging process improvement with data/technology tools.
- Service Planning/Reporting ROI
 - ✓ Establishing quantitative performance targets that can drive actual performance results
- Rationalized Service Levels ROI
 - ✓ Measurement derived sustainable service levels that align with budget process + strategic planning.
- Cost Control ROI
 - ✓ Bending the cost curve. Necessary to ask/answer the *core service* question of “should we actually be in the business of X?”

City Manager (Strategic Direction)

P. Concepts/Dillon Team

City Project Team

Consulting Team Coordinator – Todd MacDonald

- DAP Review Lead – **Todd MacDonald**
- Winter Control Review Lead – **Todd MacDonald**
- Fleet Review Lead – **Darla Campbell**
- Leaf Curbside Review Lead – **Betsy Varghese**
- Public Consultation Lead – **Karla Kolli**
- LEAN Training – **Leading Edge Group**

Project Coordinator – Helen Walihura

- Lead (DAP) – **Brynn Nheiley**
- Lead (Winter Control) – **Mark Adam**
- Lead (Fleet) – **Jessica Wesolowski**
- Lead (Leaf Curbside) – **Mark Adam**
- Lead (Public Consultation) – **Michelle Dwyer**
- Lead (LEAN Training) – **Stephanie Venimore / Mary Lou Tanner**

PERFORMANCE CONCEPTS/DILLON TEAM

		P. Concepts	Dillon	
Overall Project Management (4 Reviews) P. Concepts President Todd MacDonald	DAP Review	President Todd MacDonald	Partner Rory Baksh + Associate Michelle McCarthy	Public & Stakeholder Engagement (4 Reviews) Dillon Partner Karla Kolli
	Winter Control Review	President Todd MacDonald + Senior Associate John Prno	Analyst Kaelee Oxford + Economist Conor Grieve	
	Leaf Collection Review		Associate Betsy Varghese + Economist Conor Grieve	
	Fleet Review	Senior Associate John Prno	Associate Darla Campbell + Associate Kathryn Palmer Economist Conor Grieve	

BROAD BASED EXPERIENCE & QUALIFICATIONS

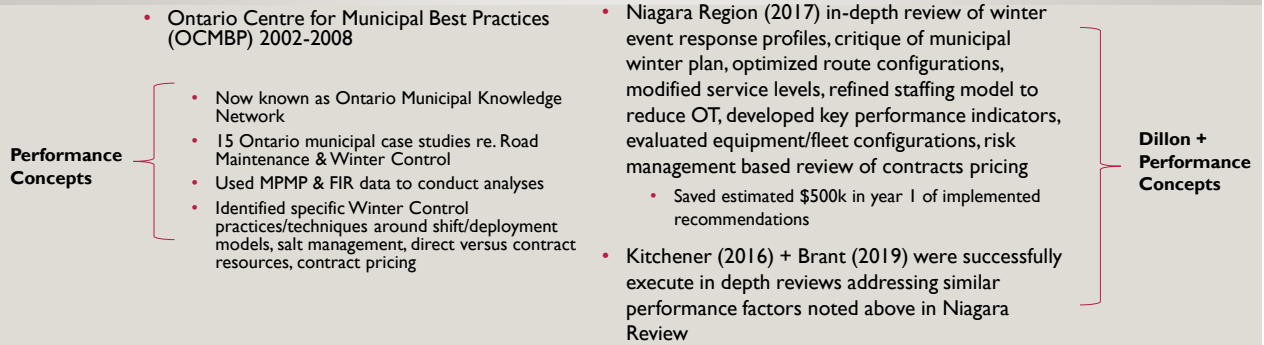

- The Performance Concepts/Dillon team has delivered approximately 15 Municipal service delivery reviews together since 2006

* Since 2001 Performance Concepts has executed an additional 100+ municipal service delivery reviews across Ontario/Canada

DAP Reviews	RPM Type Services (Varying mix of Roads/Winter Control, Parks/Sports Field, Arenas, Curbside Collection, Fleet)
Ottawa	Niagara Region
Guelph	Kitchener
Oakville	Waterloo Region
Halton Region	Vaughan (current)
Brant	Guelph (SWM & Transit)
Niagara Region & Niagara Falls	Brant
Muskoka	
Yellowknife & Whitehorse	

INVENTORY OF WINTER CONTROL ASSIGNMENTS

PROVEN METHODOLOGY FOR EVIDENCE-BASED SERVICE DELIVERY REVIEWS

- Consistently applied methodology/deliverables across the 3 major Burlington reviews (scaled down for Curbside Leaf)**
 - Assemble data driven **Situation Analysis performance profiles**
 - Current service levels, delivery models/processes, cost/revenue trends, resourcing adequacy
 - Execute **Facilitated internal City business unit consultations** exploring "As Is" versus "As Should Be" performance factors (linked to above Situation Analysis data driven profiles)
 - Undertake rapid Peer municipality benchmarking scans** (focused on specific identified service delivery improvement issues/opportunities)
 - Build **Draft Service Delivery Improvement Action Plans (Received by Council & posted on website)**
 - Design/execute facilitated publicstakeholder consultations** exploring "As Is" versus "As Should Be" service delivery models & cost/performance impacts
 - Stress Test & Finalize** the draft Service Delivery Improvement Action Plans (4) with City staff project team/expert staff
 - Present Finalized Reviews featuring Efficiency Action Plans to Council** – Emphasis on Implementation via trained City teams
- Q1 2020...advise City re. "Go Forward" annual service delivery review model for Burlington (integrated with Strat Plan + annual Budget process)**

OVERALL PROJECT EXECUTION PATHWAY

Project Critical Path

DAP Review

* Apply LEAN thinking/tools as a "pilot run" for future Service Reviews in 2020 & beyond

August	September				October				November				December		January			
W1	W2	W3	W4	W5	W6	W7	W8	W9	W10	W11	W12	W13	W14	W15	W16	W17	W18	W19

Project Kick-off Session - Confirming Budget+ Timeframes + Methodology + Deliverables																		
Information Transfer: Data profiles as per already submitted AMANDA requests + Tree Removal permit data																		
Current Situation Analysis: Staff resources versus volumes, "As Is" versus "As Should Be" Mapped Processes, Processing timeframes trends, Cost recovery performance etc.																		
Peer Municipal Benchmarking Scan - Investigate alternative processes & compare resourcing levels versus volumes etc.																		
Semi-structured Interviews + Facilitated LEAN Working Sessions with City Staff Overseeing/Delivering Site Plan, Zoning Clearances, Grading Clearances, Tree Removal & Building Permits																		
Develop "As Should Be" Draft Findings & Efficiency Recommendations																		
Stress Test Draft Findings & Efficiency Recommendations with City Staff/External Stakeholders Panel																		
Develop Change Management Implementation Plan - People/Processes/Technology																		
Submit Draft Report to City Manager + Council (Received & Sent Out for Public Consultation) + Post on website																		
Public/External Stakeholder DAP Performance Evaluation/Feedback (2 Facilitated Interactive Working Sessions)																		
Finalize Report & Submit to City Manager + Present Efficiency Review/Implementation Action Plan to Council

Semi-structured Interviews + Facilitated Working Sessions with City/Region Staff Delivering No Bag/Bagged Leaf Collection																												
Develop "As Should Be" Draft Findings & Recommendations																												
Stress Test Draft Findings & Recommendations with City Staff/External Stakeholders Panel																												
Develop Change Management Implementation Plan - People/Processes/Technology																												
Submit Draft Report to City Manager + Council (Received & Sent Out for Public Consultation) + Post on website																												
External Stakeholder Leaf Collection Performance Evaluation/Feedback																												
Finalize Report & Submit to City Manager + Present Efficiency Review/Implementation Action Plan to Council																												

BURLINGTON SERVICE REVIEWS ALREADY HAVE TRACTION!

- ✓ City staff "Technical Leads" have been established for 4 Service Reviews
 - Added technical support from Finance & IT
- ✓ Data transfer to Performance Concepts/Dillon well underway
- ✓ Interviews & staff working sessions being scheduled as per the Critical Paths
- ✓ Burlington municipal peers being finalized (for Benchmarking scan)

CONCLUDING MESSAGE: EMPLOYING A VARIETY OF PERFORMANCE IMPROVEMENT “LENSES”

1. Climate Change Mitigation (Council Priority) – “Climate Lens”
2. Financial/Cost Management (Provincial Priority)
3. Streamlined/Disentangled 2-Tier Municipal Government
4. Continuous Improvement re. Service Planning & Delivery Processes
5. Migration to Sustainable Service Levels
