

Description of Rolling Stock on Offer

As part of a collections review, the St. Lawrence Parks Commission (an Agency of the Government of Ontario) is currently offering the following items of railway rolling stock for transfer to museums, institutions or associations/organizations. These items are located in Crysler Park near Morrisburg, Ontario ([link to Google Maps location](#)).

1. Grand Trunk Locomotive 1008, an 8 wheeler 2-6-0 Mogul of the L10a class built in 1910 by the Canadian Locomotive Company at Kingston, Ontario. Engine and tender (coal car) were acquired by the St. Lawrence Parks Commission in 1957. (Approximate dimensions: Engine L34' x W10' x H15'; Tender L24' x W10' x H10')

2. Baggage/refrigeration car, built for the Arms-Yager Railway of Chicago by the Pullman Company. It was bought by the CNR in 1942 for transporting fruit in the Niagara-Winona district. Taken out of service in 1964. (Approximate dimensions: L64' x W10' x H12')

3. Timber and tongue-and-groove clad passenger car constructed for the GTR at Point St. Charles, Quebec in 1901. Initially built as a first class coach (#2074) with space for 70 passengers. Renumbered as #3474 on becoming CN stock in 1924. Between 1930 and 1950 it was demoted to branch line service and use on mixed trains. Sections of seating were removed at this time to accommodate stoves. Decommissioned in 1957. (Approximate dimensions: L68' x W10' x H14')
