

Hello,

I would like to submit the following question to the committee:

If a sole proprietor is selected, do they have any obligation to work with or provide space to other swim teams?

How is the sole proprietor selected, based on the merit of proposal or will community consultation or input also be involved?

Will other sports also have a sole proprietor organization selected to operate these sports and how will you be communicating to parents and teams about this? (hockey, soccer, etc)

Thank you

Shawna Scale
