

Clerks Office,

Just an FYI, I refuse to wear masks, especially if they are made mandatory, please do not be sheep and give in to the fear mongers! Be leaders, listen to the science which clearly states 'Masks do not work', even on the Ontario.ca website, it's right there in black and white. Our own Premier does not feel this is necessary! This is not a popularity contest, the general population does not get to tell me if I should or should not wear a mask, I don't care what the polls say, that's up to the Health Officials and they are not putting forward this proposal. Last time I checked we live in a free society not a dictatorship, for the first time I am embarrassed to be a Burlington resident!!!!

Vote NO for mandatory masks!
