

Please find my remarks below:

- 1) If a mandatory mask by-law is passed by council, we must be especially aware not to exclude those who are unable to wear a mask. Toronto addressed this provision in their by-law.
 - a. Reference to Toronto bylaw: [By-Law 541-2020](#)
 - b. Quote: "People who are unable to wear a face mask or covering due to health, age or other reasons do not require proof for the exemption."
- 2) How are businesses in Burlington going to be aware of this new by-law with the included provision?

Thanks and regards,
Gregory Pesic, Burlington resident
