

Appendix C  
City-Wide 5-Hour Parking & Enforcement  
Service Re-design Update

**PARKING MANAGEMENT SERVICES**

# Parking Management Services

## Background:

- March 2020 – suspended enforcement related to the city wide 5-hour parking by-law to support residents working from home, post secondary students learning from home, etc.
  - Enforcement limited to serious infractions - fire routes, fire hydrants, blocked driveways, accessible parking etc.

## Impact:

- Lack of enforcement has created several hot spots in various areas of the city resulting in friction within neighbourhoods.

## Decision:

- Resume enforcement of the city-wide 5-hour parking by-law on a complaint basis only effective February 5, 2021 .
  - Transportation Services will work with Corporate Communications & Engagement to ensure community awareness.
