Subject: Re: I can't get into meeting thru. It's calendar

Did someone see the tactic from the club for 2021, I have been told they have increased the green fees an unprecedented 25% for this year. I have never heard of such an increase anywhere. Most clubs have dropped their fees given the lower level of rounds on average, sans covid. Sounds like he is chasing golfers away. The gents I talked to have all left, which were 10 golfers.
