Dear Chair and Members of the Community Planning, Regulation and Mobility Committee:

RE: Community Planning, Regulation and Mobility Committee Meeting – August 11, 2020

At its meeting July 15, 2020, Regional Council supported the release of five discussion papers as the basis of engaging the public on the key themes of the Regional Official Plan Review. The Discussion Papers explore issues and options on each theme that represent the range of choice in contemplating how the Regional Official Plan could achieve conformity with the Provincial Plans and Provincial Policy Statement.

As part of the Regional Official Plan Review we have worked closely with our local municipal partners to ensure the update is responsive to the progressive planning work underway at the City. I am pleased to attend the City's Community Planning, Regulation and Mobility Committee virtual meeting on August 11, 2020 to present information on the Regional Official Plan Review.

Sincerely,
