

Beachway Buoys Installation: Recreation, Community and Culture

CM-15-21 Appendix A

Overview

- Buoy Markers are installed in the lake off Burlington Beach every year
- Markers are installed for safety; to slow boat traffic down and to keep boaters at a distance from the shallow areas used for swimming.
- Inland Waters typically provides this service at no cost, however COVID and staffing challenges require a contractor to provide the installation for 2021.
- Contractor was used in 2020 to install and remove buoys as well.
- Installation to occur last week of May
- Cost for installation and the location report for notification to Mariners \$6,911.50 + HST to be charged to COVID expenses.
