Hello,

I am a long time resident of Burlington and live on [REDACTED].

I would appreciate the support of our council to leave the original plan of development as it was originally presented at the corners of “Brant and Ghent” with low rise development, keeping our community and neighbourhoods in check with the amount of traffic congestion, noise and density.

I am opposed to the requested changes that are being proposed by the developer in building 25 storey towers. This is overwhelming for this already busy area.

I do hope that Mayor’s Meed-Ward original platform that she ran in stopping the density will be kept and she does stand up for us.

Respectfully,

Mario Sita
