

Dear Neighbor - Act now before Oct 8 to:

Protect your Neighborhood, Community & Property value

Dear Neighbors,

As you may be aware the city has received a request to change the zoning rules and build 3 monster buildings on all 3 corners of Brant and Ghent. They wish to build 25 story towers and add over 800 units to our already busy corner. The driveways for these buildings will all be on Ghent and will add 1600 cars of traffic each day creating an unbearable burden for an already busy section of Ghent. You can bet these greedy developers won't have to live with the nightmare they are creating. The current zoning is 6 stories and 2.5 stories, and this is acceptable. I'm asking you to help us send a message to our elected leaders to "STICK TO THE PLAN" and keep the zoning unchanged. The proposed 25 story monsters will harm our community, our neighborhood, and our property values with their monster size in such a small area. This is not what we all signed up for.

City Council is meeting Oct 12 to decide your fate.

What can you do? It is easy to support us with any of the following...

1. Return a note to our email ([redacted]) with your name and address and your support to "STICK TO THE PLAN" and keep zoning on these properties unchanged.
2. Fill in your name and address on this page and drop it off in my mailbox at [redacted] or mail to [redacted].
3. Call or text me at [redacted] and I can come by and pickup your note of support
4. Email the city clerk (clerks@burlington.ca) that you plan to attend and speak against the zoning change for "Brant and ghent"

Dear Burlington City council,

I the undersigned resident oppose the zoning change proposed at Brant and Ghent.

Hello,

I am a long time resident of Burlington and live on [REDACTED]

I would appreciate the support of our council to STICK TO THE PLAN of development as it was originally presented at the corners of "Brant and Ghent" with low rise development. The low rise is in keeping with our community and neighbourhoods in check with healthy growth and minimizing traffic congestion, noise and density.

I am opposed to the requested changes that are being proposed by the developer in building 25 storey towers. This pace of building is overwhelming for this already busy area.

I do hope that Mayor's Meed-Ward original platform that she ran in stopping the density will be kept and she does stand up for us...PLEASE STICK TO THE PLAN

Respectfully,

Mario Sita

Burlington, ON
[REDACTED]

We adamantly oppose the proposed zoning changes to the properties of Brant St. and Ghent Ave.

That intersection cannot support the proposed amount of people and car traffic. We moved to this area in 2019 for it's beautiful neighborhoods, small shops, and local restaurants, spread out among individual and family homes and businesses. The proposed development threatens the very walkability and livability of our community.

Thanks,
Laura & Patrick

Thanks Gord for further clarification on how to contribute my comments which are below.

Melita Aquilina

I live at [REDACTED], Burlington, ON [REDACTED] a home into which I moved just over seven years ago. At the time, the neighbourhood housed a surprising amount of older seniors (surprising because most of the homes involve a number of stairs) who were so happy in their homes that they were reluctant to move. In the past couple of years, however, some these long-time residents, mostly original owners, have made other arrangements and some homes have changed hands. We are now a beautifully mixed street of both elder people, young families as well as single people and couples. This past summer we have enjoyed the sounds of children playing on our safe and quiet street.

My street is one with only semi-detached homes, although the blocks around the area include detached homes and townhouses as well as low rise buildings, both individually- situated and grouped together. On the south side of Ghent and Brant there is also an older highrise. It is an electric mix of housing with something for everyone.

The proposal for rezoning for an area that is less than a minute's walk from my home is a great concern for all of us currently living in this neighborhood. The presence of **THREE 25 STOREY TOWERS, not to mention the additional 9 storey building**, is absolutely unreasonable as it will entirely change the nature of our neighbourhood. Considering there are current zoning laws in place, I appeal to you to stop this bid to ruin what we love.

There are several ugly ramifications of a rezoning. I have attempted to list a few below:

Dear Mr. Dickson,

I am a resident of the Brant Street and Ghent Avenue community affected by the Official Plan Amendment and Zoning By-law Amendment Application submitted by Molinaro Group (Files: 505-06/21 & 520-07/21). I wish to remain informed about this development and upcoming meetings.

Let this letter stand as my objection to the application. I object on the following grounds:

Traffic and Parking
