Hello Jo-Anne,

I sent this letter below on March 31st.

Could you please have it read at the meeting scheduled on April 12th, in particular note the entrance planned from Elizabeth St, which is constantly congested already with large deliveries to The Pearl Hotel, stretch limo's, and the hundreds of cars to the Bridgewater Condo's.

Also note the many cars dropping the public off for access to the parkland.

I don't wish to be a delicate as long as these grievances will be heard in the decisions making process by the people involved.

Thank you sincerely,  
Yvonne

Hello Thomas,

I have written and sent notices of photos referring to the objections with respect to the height of proposed towers and podium as well as the entrance from Elizabeth St to the proposed entrance of the new development which is next door to The Bridgewater and Pearl Hotel.

I live at [REDACTED] and would be significantly compromised by the development proposed, as well as many neighbor's, the public and tourists visiting our beautiful waterfront. Please have my voice heard at your next meeting to:

Change the entrance proposed for Elizabeth St.

Lower or take away the podiums.

Lower the height of both towers.

I send this with all due respect for everyone concerned.

Sincerely,

Yvonne Miller
