WHAT WE DO

ADR Chambers Ombuds Office reviews complaints brought by members of the public about the City of Burlington. We work with the City of Burlington to investigate and resolve complaints as part of the local complaint mechanisms. ADR Chambers Ombuds Office prides itself on its ability to ensure that citizens receive thorough and timely assistance with local issues in the community of Burlington.

If a complainant is dissatisfied with the provision of services, a decision or recommendation made by the Municipality in the administration of municipal services, and the complainant has gone through the Municipality's internal complaint system and is not satisfied with the outcome, they may escalate their complaint to the ADR Chambers Ombuds Office. People may contact our office by phone, online and through the mail.

We investigate complaints with a view to resolving them either by agreement among the parties, or by issuing a report with analysis and conclusions, including any recommendations.

ADR Chambers Ombuds Office ensures all investigations are conducted in a fair, neutral, independent and confidential manner while respecting the rights and time constraints of the individuals involved.

⇒ Types of Complaints

The types of complaints that may be submitted by complainants are varied, including complaints about the denial of services or the failure to provide a proper quality of service; complaints that the Municipality has made a decision that is not within their legal power to make; complaints that the Municipality has not followed the appropriate procedures in reaching a decision; and complaints that the Municipality has failed to take a certain action that it is required to take under its rules, procedures or by-laws.

⇒ Process

Upon receiving a complaint, ADR Chambers Ombuds Office first considers whether it has the jurisdiction to investigate the complaint.

Situations where ADR Chambers Ombuds Office Will Not Investigate

There are certain matters that are not within our mandate to investigate. These include:

- Matters that are not within the jurisdiction of the City of Burlington
- Complaints regarding the conduct of Municipality Councillors and closed meetings of Municipality Council
- Complaints regarding any decision, recommendation, act or omission of any person acting as a legal adviser to the Municipality or acting as counsel to them in relation to any proceedings
- Matters for which there is a right of appeal, under an Act, to a court or tribunal, unless this right has been exercised or the time to exercise this right has expired.

We also cannot investigate where a complainant has not exhausted the Municipality's internal complaint procedures or where more than 12 months have elapsed from the completion of the Municipality's complaint process, unless the Complainant can establish that there were exceptional circumstances justifying the delay.

There are other circumstances where we may decide not to investigate, such as cases where the subject matter of the complaint is trivial or the complaint is frivolous or vexatious, or where we believe that having regard to all of the circumstances of the case, no further investigation is necessary.

If ADR Chambers Ombuds Office does not investigate a complaint for one of the above reasons, the complainant will be notified of this decision in writing and reasons will be provided. Whenever possible, referral information will also be provided.

Complaints Within ADR Chambers Ombuds Office's Mandate

In cases where ADR Chambers Ombuds Office decides that it has the mandate to investigate, the Complainant and the Municipality are informed of the decision and the file is assigned to an investigator.

The investigator reviews the file and first considers whether a mediated resolution might be possible. Where possible, the investigator will seek to mediate a resolution. Where no resolution is possible, the investigator will proceed to gather information and ultimately draft a report containing a description of the complaint, the Ombudsman's findings, and a conclusion and recommendation.

In certain instances, such as cases where the Ombudsman concludes that the Municipality has acted appropriately, the report will indicate that the Ombudsman does not recommend that the Municipality take any action.

In other cases, the Ombudsman will recommend that the Municipality take certain action(s) to remedy a situation. Recommendations seek to achieve a satisfactory resolution of the complaint, however, all recommendations are non-binding.

Draft reports are submitted to the Ombudsman, who reviews the reports, along with another senior staff member. The reports are then circulated to both the Complainant and the Municipality, who are invited to provide comments. The Ombudsman and the investigator consider the comments and make any necessary changes to the report. The final report is then provided to both parties.

2021 COMPLAINTS

ADR Chambers Ombuds Office received 19 contacts about the City of Burlington. Contacts are instances when complainants contact ADR Chambers Ombuds Office, either by phone or through correspondence, expressing a possible interest in filing a Complaint and seeking information regarding the process. Complaints are not open until we have a completed and signed Complaint Submission Form.

Of the 19 contacts, 10 complainants have been advised that we require a Complaint Submission Form to be completed and submitted in order to proceed with their complaints, however, they have yet to submit the completed forms. Complaint Submission Forms are necessary in order to determine whether the complaint is within our mandate and to ensure that all parties are aware of and are prepared to abide by the confidentiality requirement. These complainants were also advised that complainants are first required to bring their complaint to the Municipality before escalating them to the ADR Chambers Ombuds Office, and if they had not already taken this step, they should do so.

Out of the 19 contacts, 9 resulted in a Complaint file being opened. Two of these Complaints were deemed to be outside our mandate and an Initial View letter was issued. One of these Complaints were outside our mandate on the basis that at the time the Complaint was received, more than one year had elapsed since the Complainant learned of the facts on which the Complaint was based. The other Complaint was outside our mandate on the basis that the Complainant had not availed themselves of other adequate remedies under the law or existing administrative practices and that the Complaint had therefore been submitted to the Ombudsman prematurely.

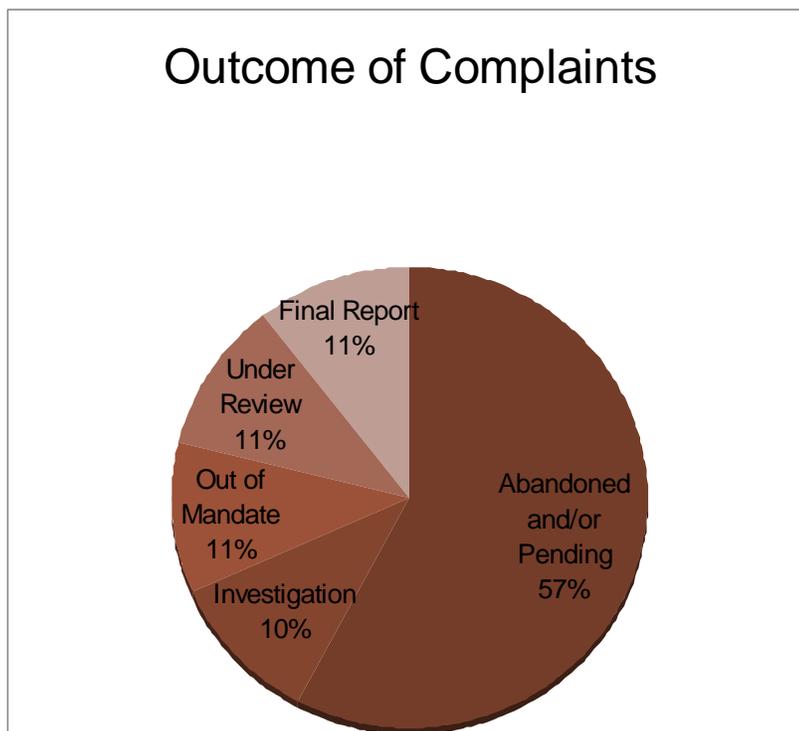

Two opened files were assigned for investigation and resulted in the issuance of final reports. One report concluded that the City followed its policies and procedures appropriately when it responded to a request for records from the City. The other report was in response to a Complaint regarding the City not requiring the submission of a final grade plan for approval and resulted in a finding that the Municipality followed the rules and regulations in place at the time. One opened file was assigned for investigation, however, the Complainant elected to withdraw his Complaint prior to the issuance of a final report.

Two Complaints that were opened in 2020 and carried over into 2021 were closed this year. One of these Complaints were investigated and resulted in the issuance of a final report. The was in response to a Complaint for compensation after a branch fell on and damaged the Complainant's vehicle. The report concluded that the City followed its processes and procedures appropriately when handling the Complainant's claim and that the Maintenance Service Level respecting Large Tree Trimming was abided by. The other file was resolved without the issuance of a final report.

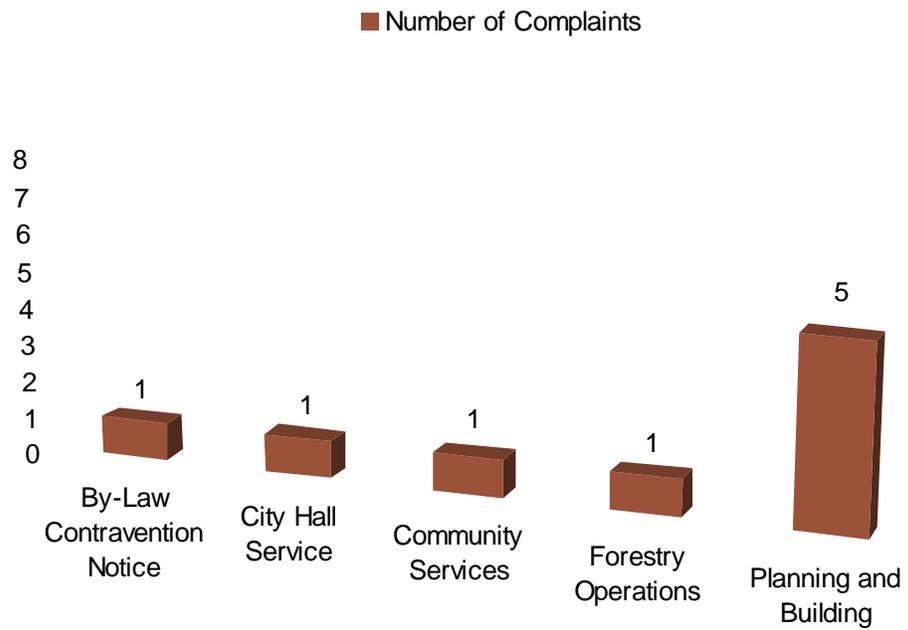

There were two active investigations as of the end of 2021 and there were two files under review.
