Results Based Accountability (RBA)

2 – Kinds of accountability

- Population accountability
- Performance accountability

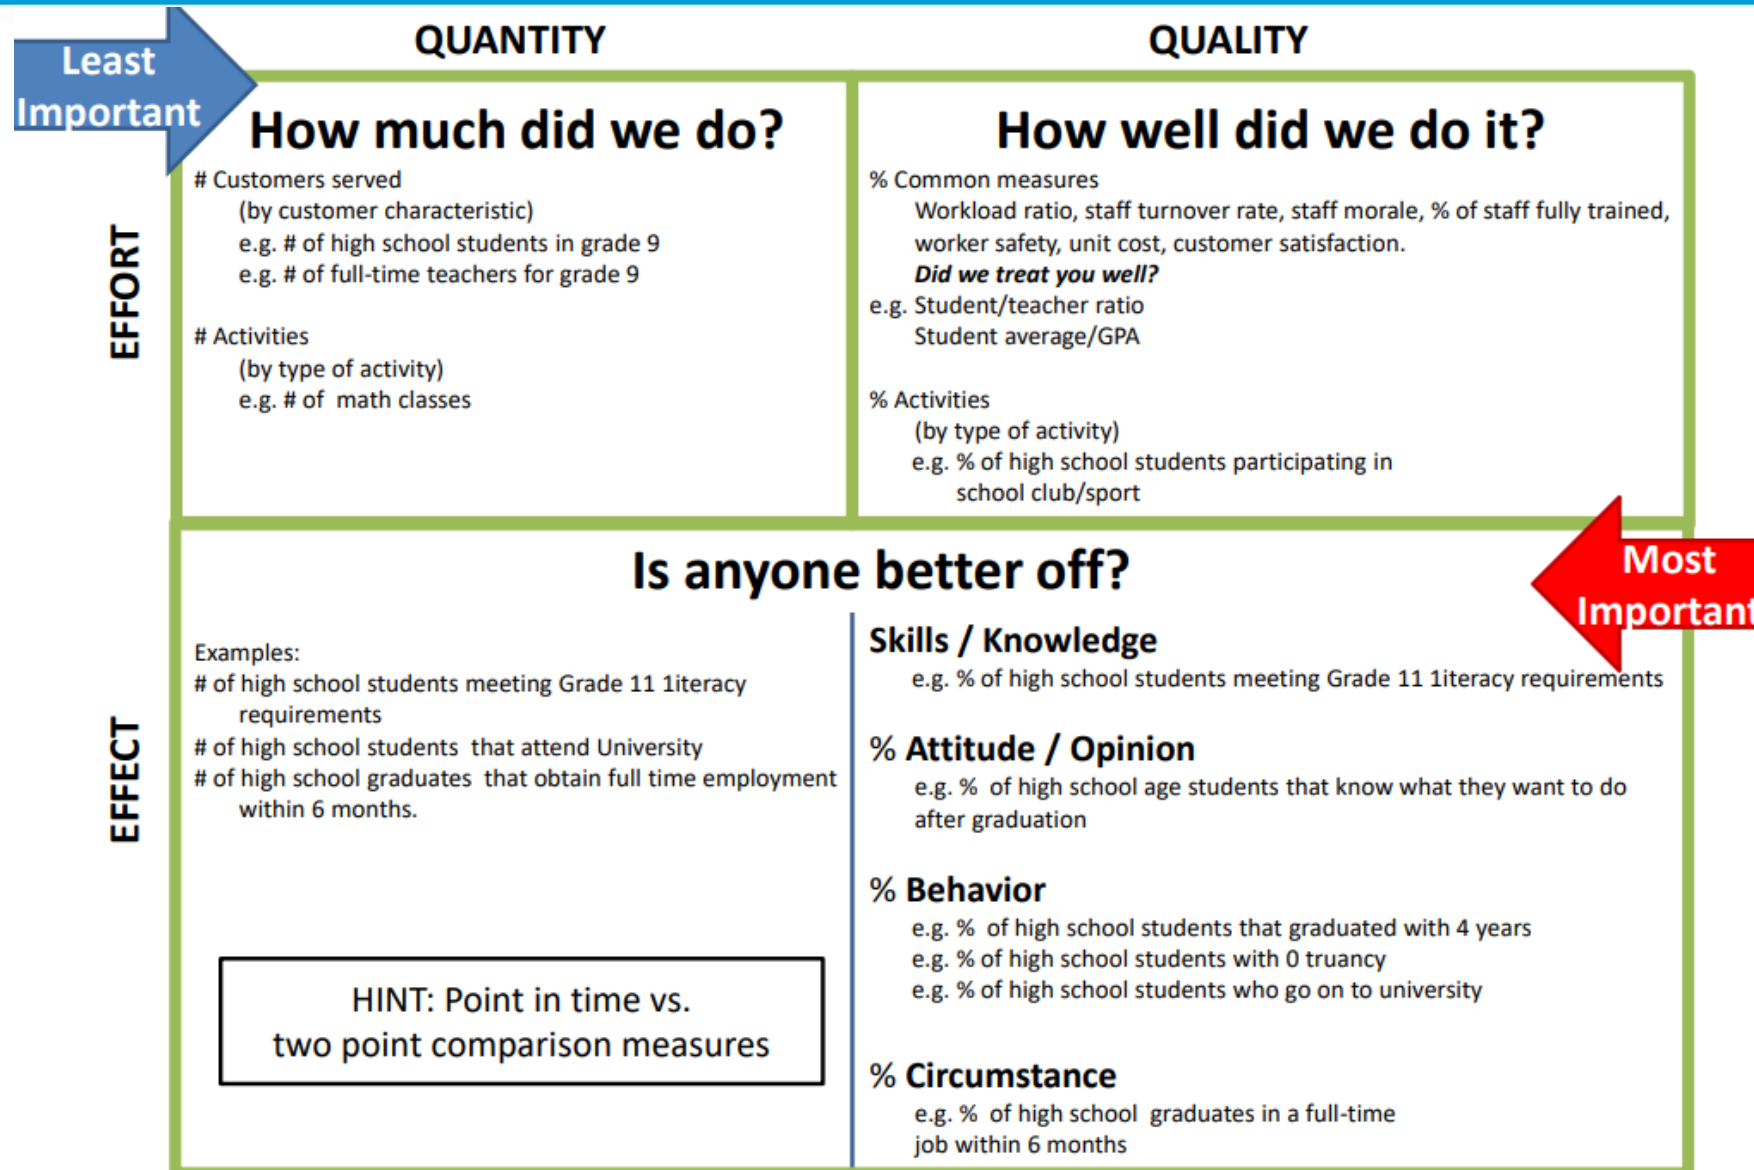

3 – Kinds of performance measures

- How much did we do?
- How well did we do it?
- Is anyone better off?

7 – Performance accountability questions (in less than an hour)

- 1) Who are our customers and how much do we do?
- 2) How well do we do it?
- 3) Is anyone better off?
- 4) How are we doing on the most important of these measures?
- 5) Who are the partners that have a role to play in doing better?
- 6) What works to do better, including no-cost and low-cost ideas?
- 7) What do we propose to do?

Service Goals
and
Objectives

Key Themes

- Community engagement and our customer's experiences with ease in access to city services are a primary focus into 2023.
- Continue to invest Business Transformation through the implementation of AVL, ERP, EAMS.
- Investing in people and staff resources are critical to delivery of services. Ensuring staffing models and resource capacity matches the expected service levels.
- Investing in a Climate Resilient Burlington affects the service delivery for many areas.
- Infrastructure plans, master plans and community plans continue to be foundational to address responsive growth, good asset management and financial responsibility.

Service Goals
and
Objectives

Key Themes

- Technology, information, data and digital transformation are fundamental to the future of the organization
- To continue to grow responsibly and ensure a safe city, the growth of resources in the organization must meet the need to deliver the services
- The speed of change and the need to shift approaches to match expected service delivery is complicated and necessary however takes time and money.
- The delivery of many plans, initiatives, projects and processes rely heavily on coordinated efforts and streamlined processes.
- Current legislative pressures are driving change and, in some areas, significantly changing the way services are delivered
- Corporate culture needs attention for several reasons; staffing vacancies, workload expectations and the continued learning curve of the hybrid approach

Final Thought

We know more today than we did yesterday.

We will know even more tomorrow than we do today.

That's the knowledge we will build on.
