

CONTINUOUS IMPROVEMENT

Jeanette Bax

&

Stephanie Venimore

City of Burlington

WHAT IS CONTINUOUS IMPROVEMENT?

A CULTURE OF COLLABORATION AND TRUST

Engagement at all levels of the corporation. Meeting people where they are at. "It's about the process, not the person"

A DISCIPLINED APPROACH AND ANALYSIS

Careful deconstruction of challenges, evidence-based analysis, and solving problems at the root

MAKING STRATEGIC IMPROVEMENT OVER TIME TO ACHIEVE GREAT RESULTS

Focused and prioritized solutions implemented over time.

Don't fix what's not broken, it's not change for the sake of change.

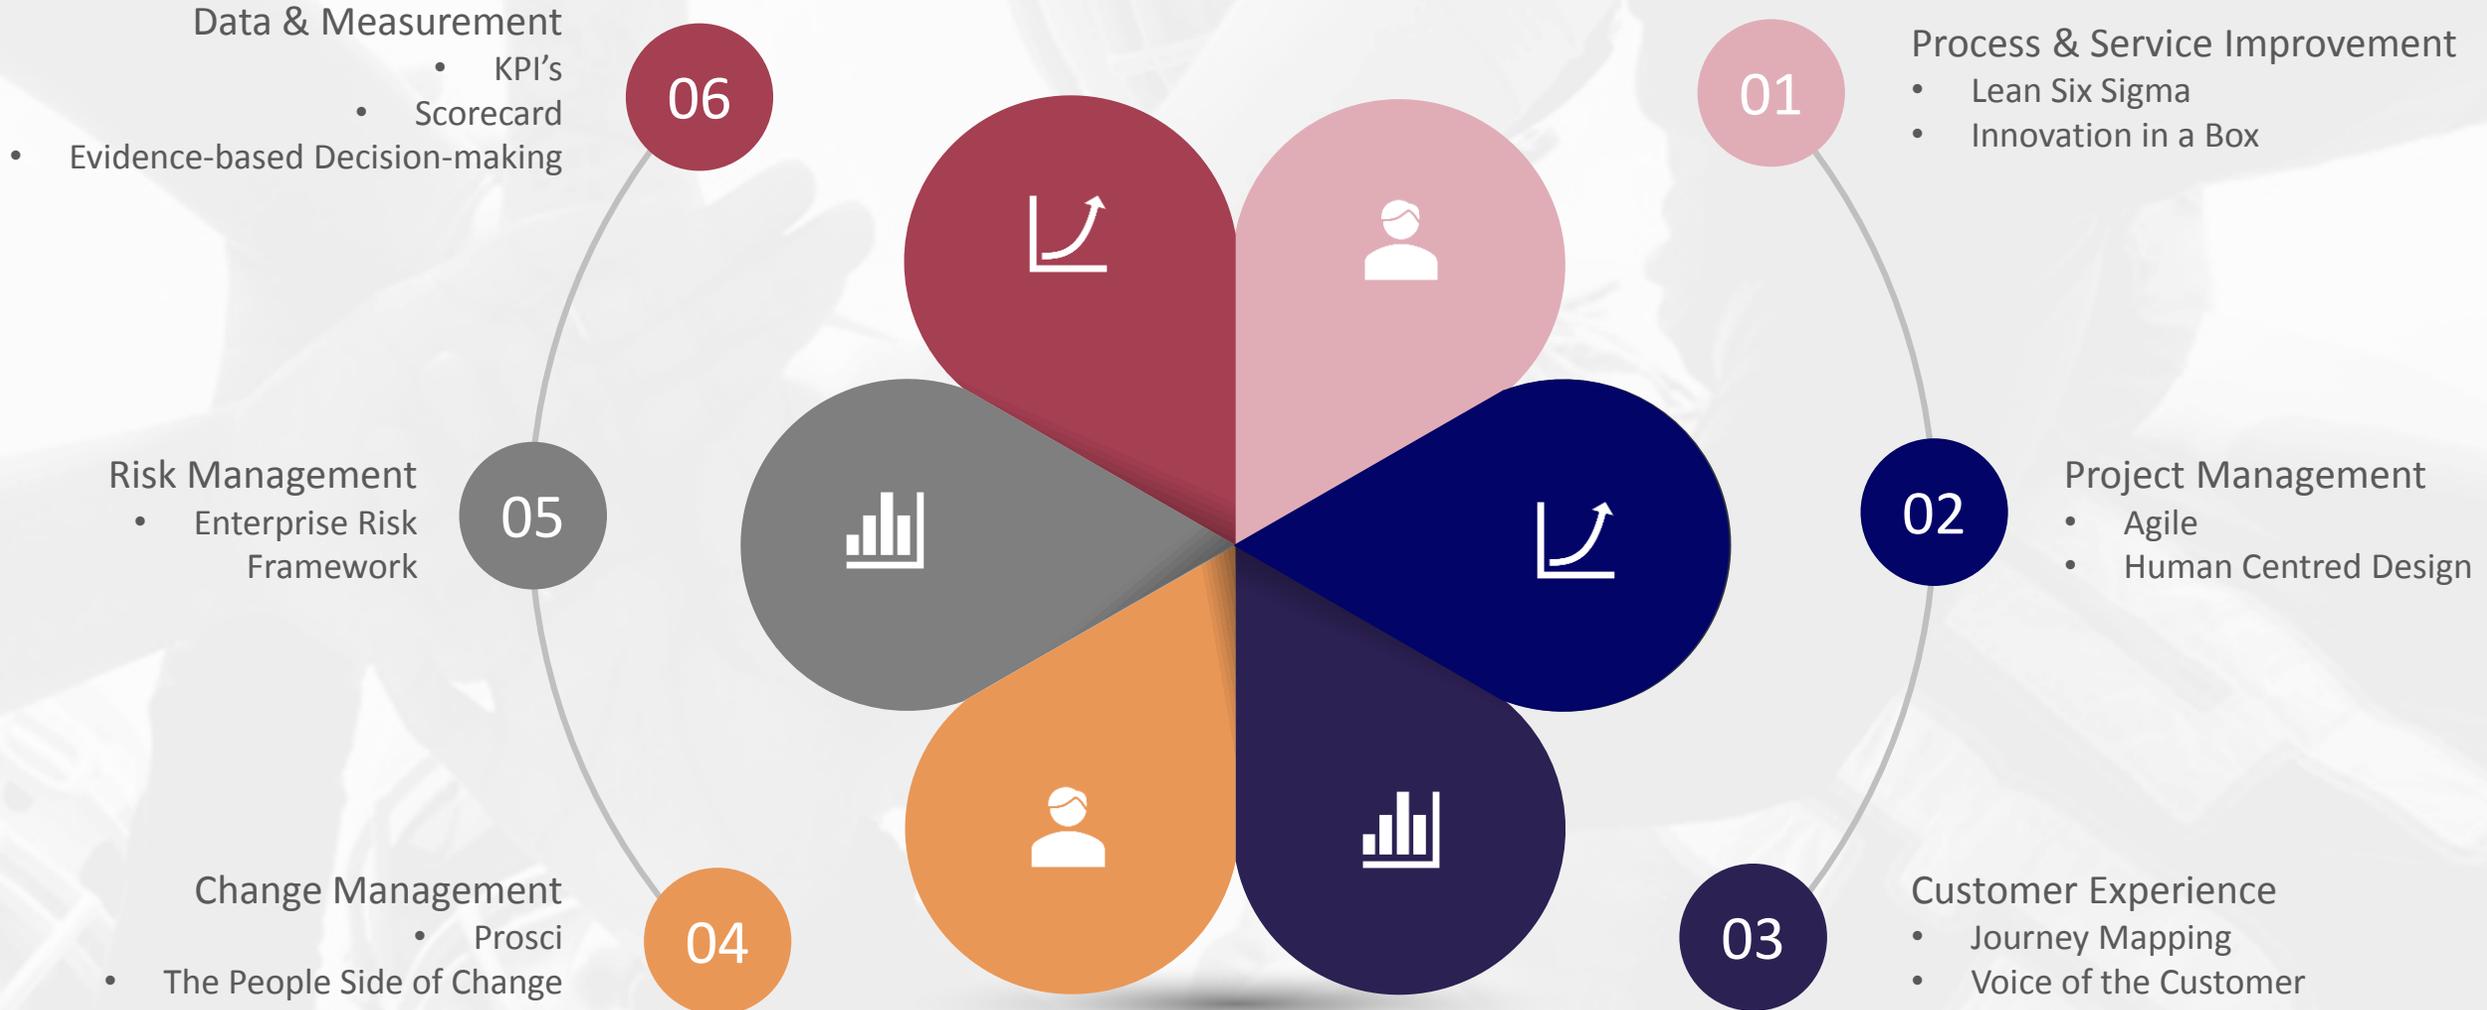

MORE THAN JUST THE BOTTOM LINE

Goals may focus on Quality, Time, People (inclusion), Risk AND Cost. Customer-centric to ensure service delivery meets the needs of the community.

THE IMPROVEMENT NETWORK

WORKING ACROSS ROLES, WORKING ACROSS BOUNDARIES, WORKING TOGETHER

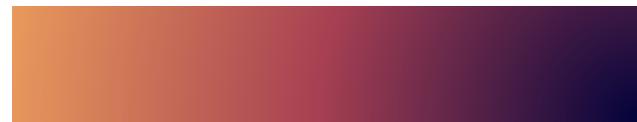

FOUNDATIONAL VALUES

IT'S A MOVEMENT, NOT A MANDATE

These foundational values will guide the approach to continuous improvement across the corporation.

- 1** Psychological Safety
 - Safe to fail
 - Check your role at the door
- 2** Collaboration
 - Cross-functional teams
 - Representation from all levels
- 3** Continuous Improvement Mindset
 - Customer centric
 - Focus on value add
 - Use a disciplined methodology
 - Solving problems at the root
 - Make things visible
 - More than just the bottom line
- 4** Propagation of Culture
 - The Improvement Network
 - Feedback loop
 - Celebrating success and failure

FOCUS AREAS

CULTURE

- Engaging staff at all levels and building buy in
- Evolution from awareness to understanding to everyday practice
- Practices become our way of doing business

CAPABILITY

- Training for all staff
- Building competencies within all departments to lead smaller improvement initiatives independently
- CI Specialist evolves from leading all projects, to coaching and mentoring and leading corporate wide strategic projects

STANDARDS

- Set corporate standards of practice
- Ensuring consistency across business units
- Making collaboration seamless as everyone takes a similar approach
- Engaging units to ensure standards support their needs

FOCUS AREAS - MEASURES

Aiming for year over year improvement in:

CULTURE

- # of project engagements
- # of staff & leaders engaged: training, projects
- # areas with improvement in KPI's after CI project
- # of business units with repeat CI engagements
- # of cross functional, city-wide projects

CAPABILITY

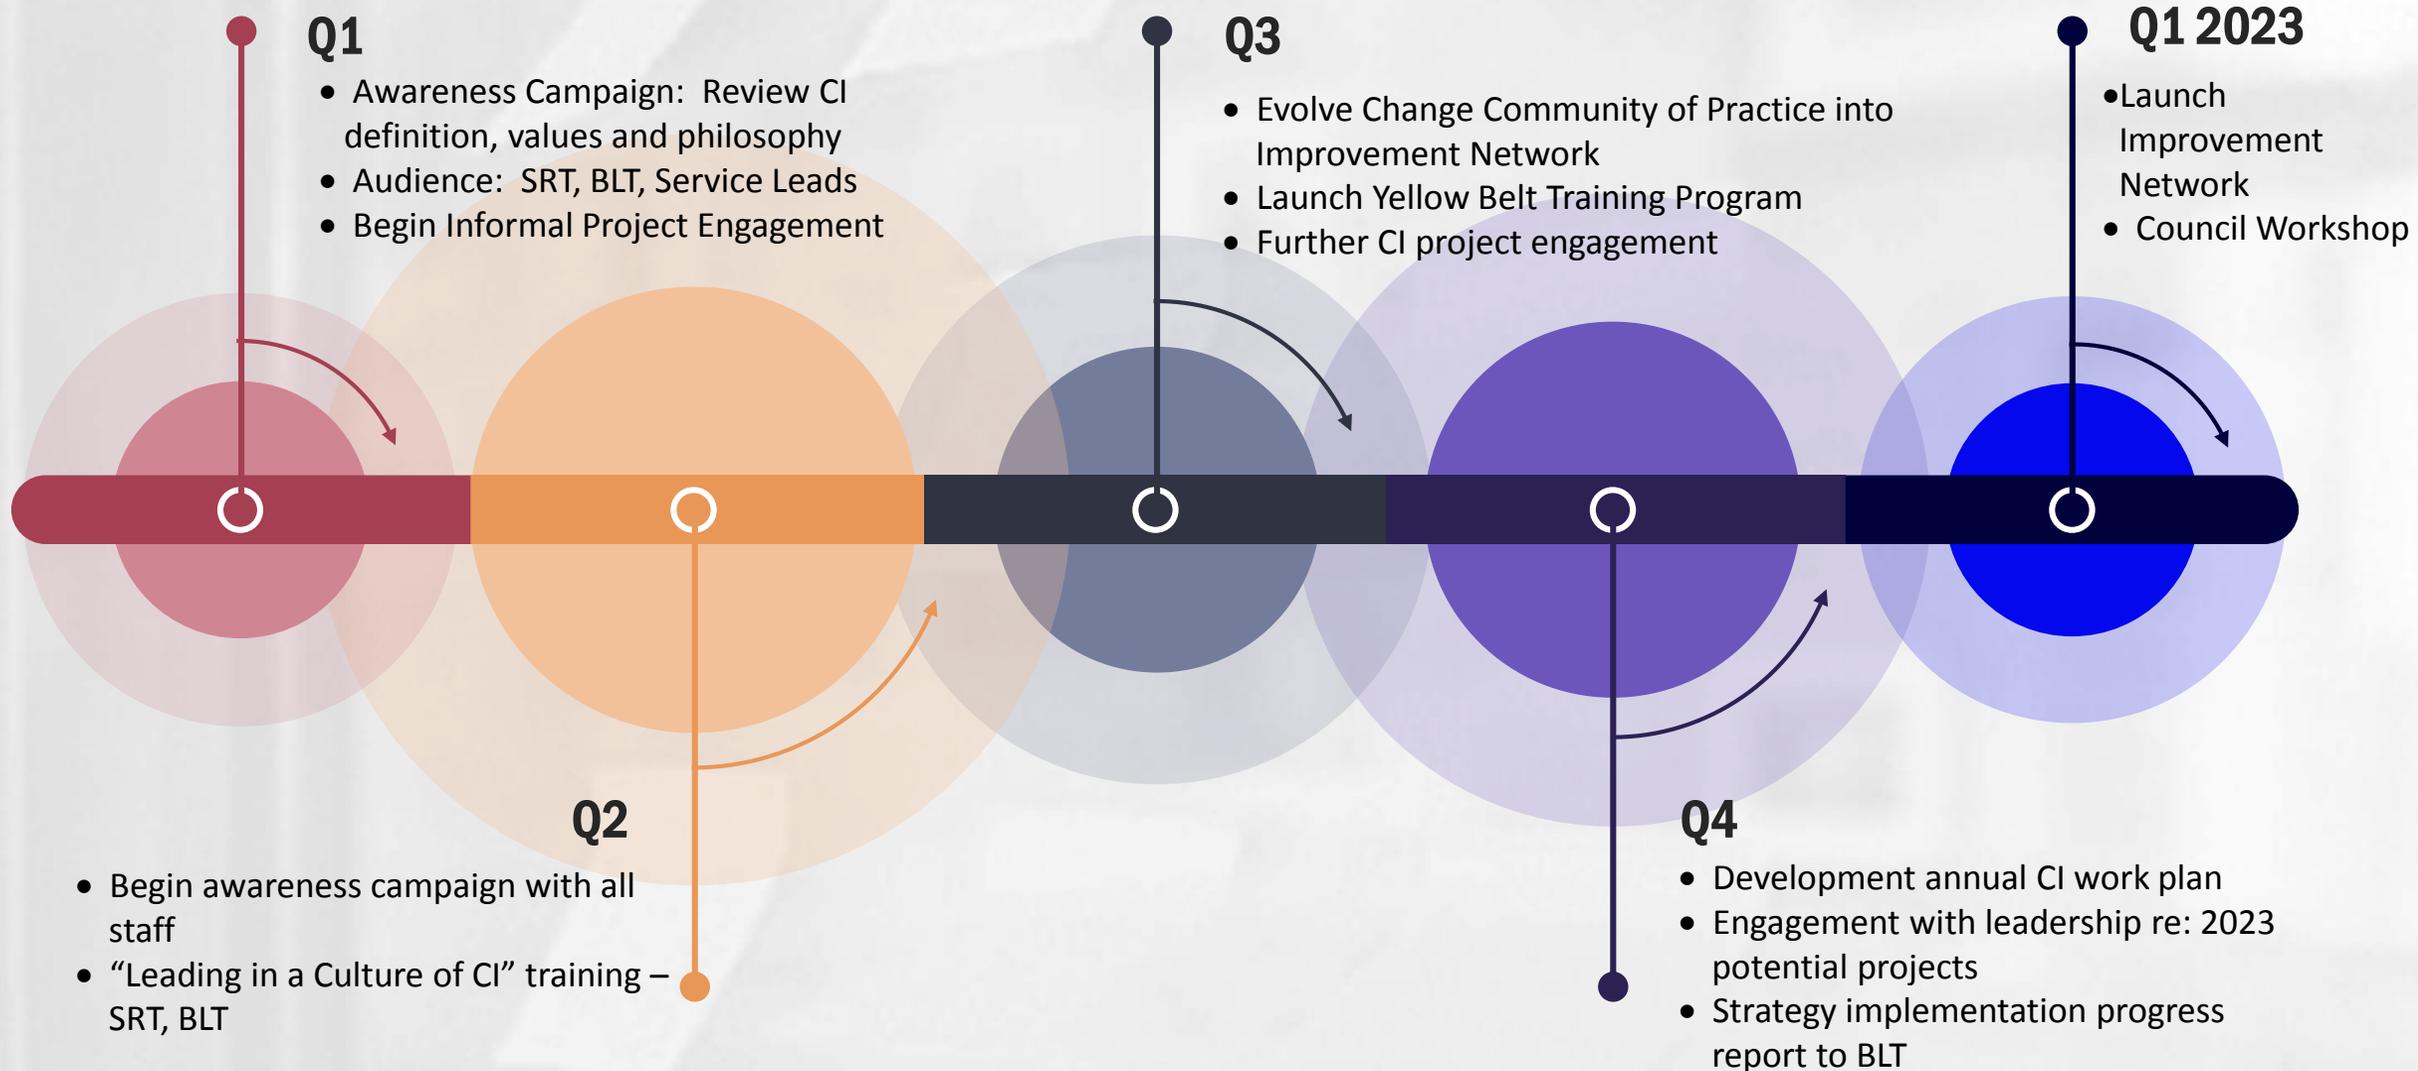

- # of staff trained (by business unit)
- # of trainees who follow up with a project
- # of trainees who demonstrate application of training content to regular work
- # of projects initiated and/or led by business unit

STANDARDS

- Values
- Process
- Tools & templates
- # of projects that use tools & templates offered
- Idea engagement & feedback loop

STRATEGY IMPLEMENTATION – YEAR 1 (2022)

A FOCUS ON AWARENESS & DESIRE

IMPORTANT ACHIEVEMENTS

WHAT DID WE ACCOMPLISH THIS YEAR?

Projects & Engagement

- 7 projects, including SDAF
- 3 cross-functional initiatives connecting with 13 service areas
- 6 repeat customers
- 5 improvements lead by staff
- Improvement Network membership increased by 21 members

Capability & Training

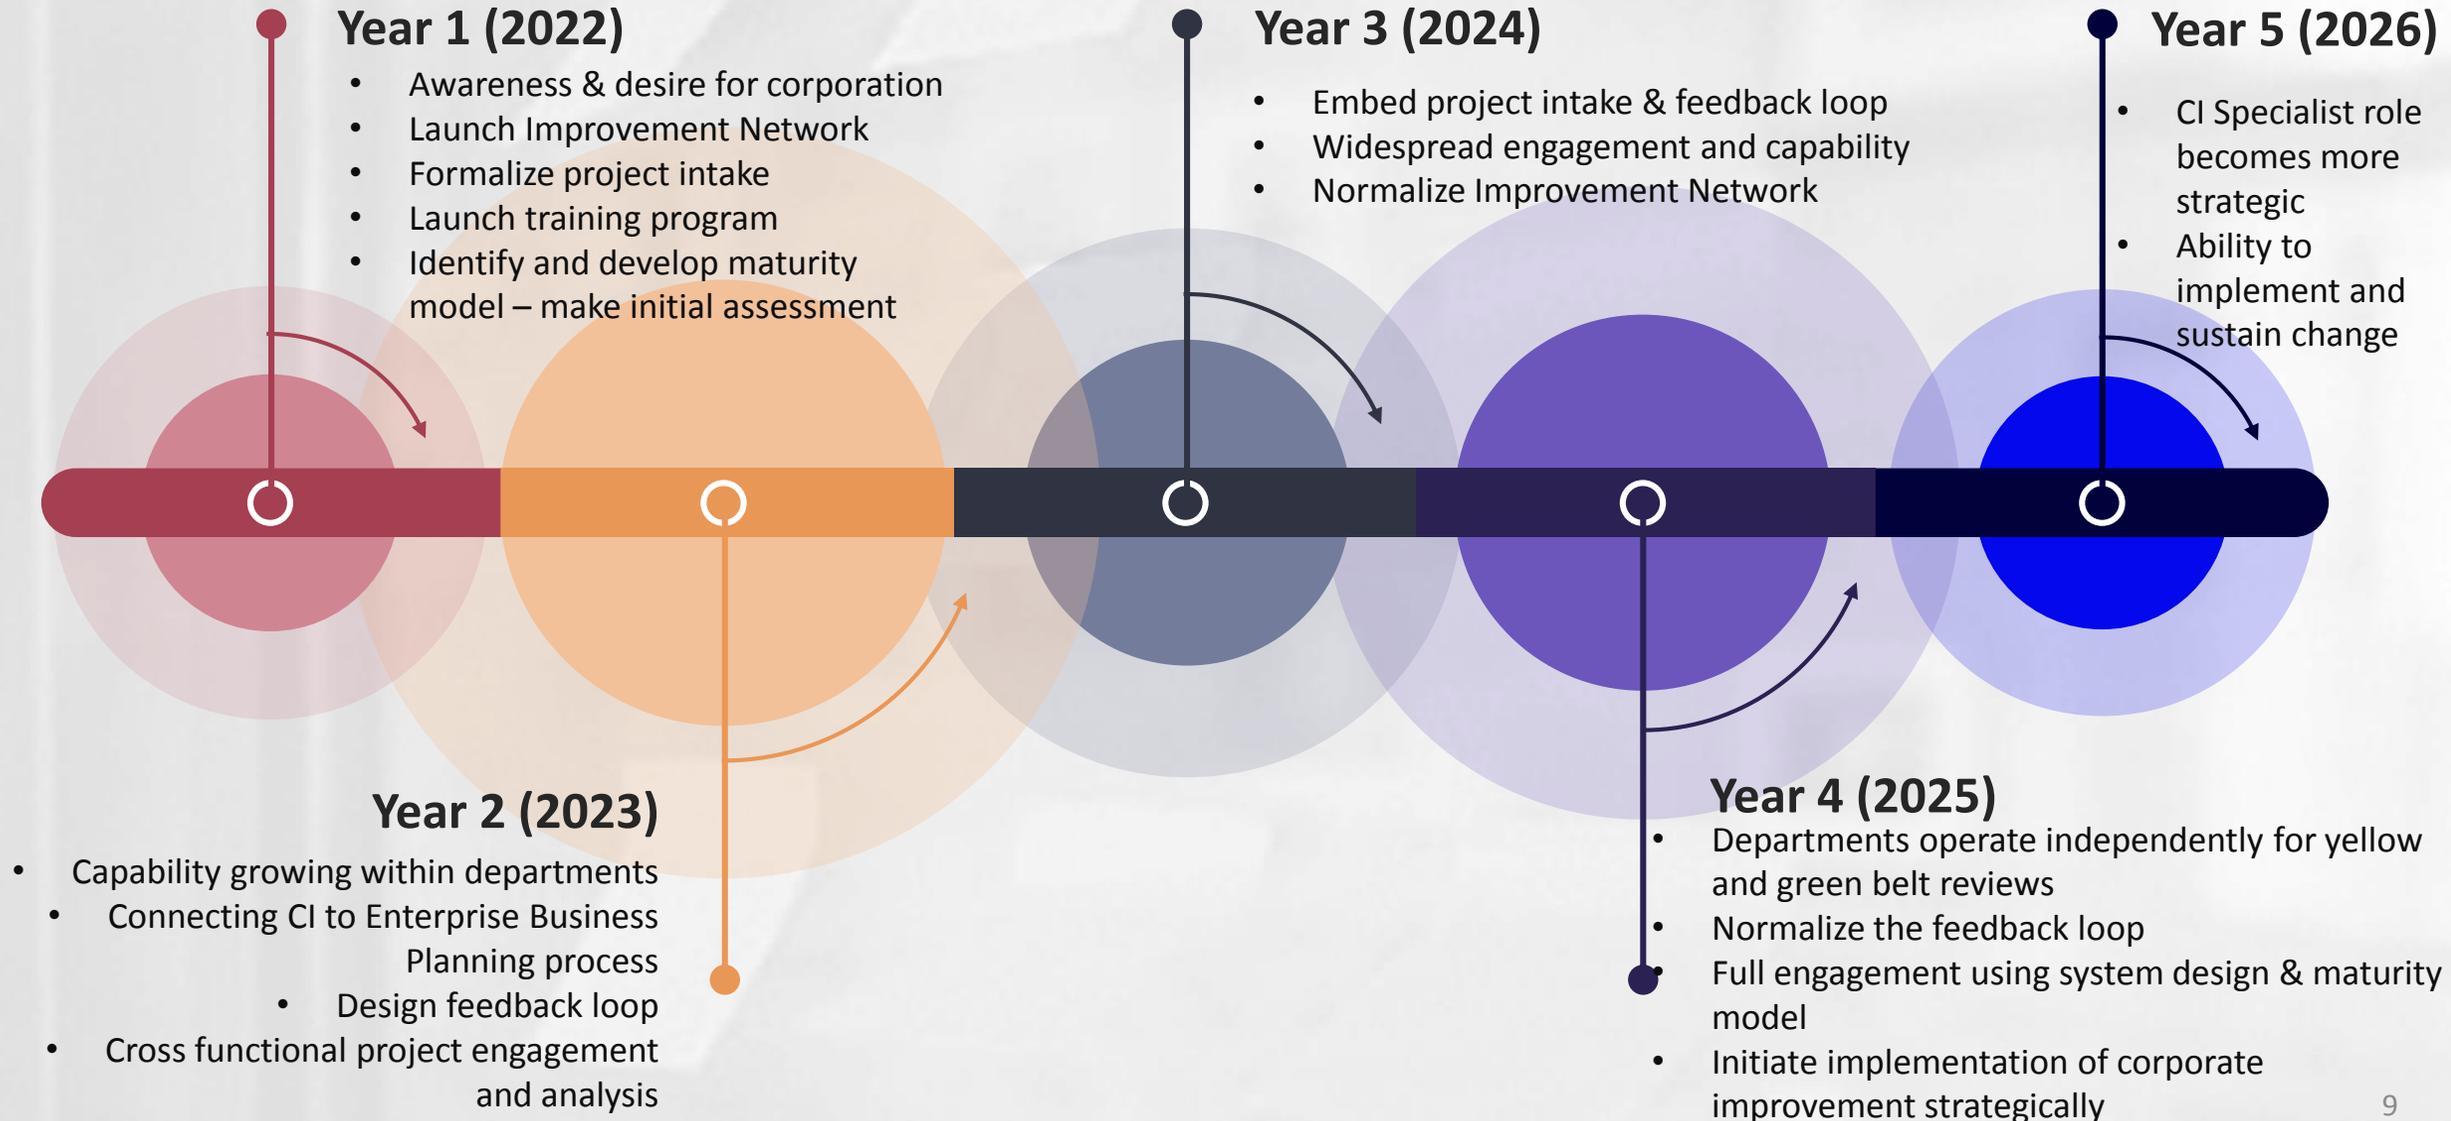

- 27 White Belts
- 39 Yellow Belts
- 32 Trainees have applied their training to their work

Culture: Continuous Improvement as a way of Doing Business

- Experimentation in practice
- Established regular CI activities and practices in multiple departments (RPF, Transportation, IT, Planning, Engineering)
- Network evolution has been successful
- Regular customer engagement and testing
- Improved Council engagement and awareness

*We Achieved:
Awareness
Desire
Knowledge*

5 YEAR STRATEGY IMPLEMENTATION TIMELINE

THE ROLE YOU PLAY

WE NEED YOUR SUPPORT

Respect & Support Psychological Safety

- Encourage staff to experiment
- Celebrate success and failure
- Give KUDOS for a job well done
- Make it safe to make things visible

Leader

- Enable improvement activities – support space, people and time spent on projects
- Incorporate CI into the Corporate Strategy
- Be an Enabler, not and Enforcer

Support the Key CI Fundamentals

- Respect prioritization
- Seek root causes and avoid symptom chasing
- Don't design processes for the exception scenario

NEXT STEPS

OPPORTUNITY FOR FEEDBACK

Please consider the content and share your hesitations, advice or opportunities that you see.

What are your expectations? What does success look like?

ENCOURAGE ONE ON ONE CONVERSATIONS ACROSS THE ORGANIZATION

Keep the conversation and support of CI going

RE-ENGAGEMENT AND PARTNERSHIP

Council Workshop January 23, 2023

We will commit to provide updates and celebrating success with you to keep you informed and involved
