**Subject:** Tyanadaga golf course

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I think the course was there first. People buy a house next to a golf course should know where they are buying and potential risks. If “they” don’t want errant balls coming into their yard, then simply pay for and put up their own nets to prevent it. The City should have no responsibility or cost involved in doing so. Period!! Stop wasting money and time in studies.

If they don’t like it, then move.

Rob Youngblut
