Hi Mariana,

At first, We strongly oppose the construction of an industrial warehouse so close to a large-scale residential area. All the residents near me, including there is a unanimous strong opposition.

The meeting date is on 9:30 am in January 9, 2024. You should know that most of the residents living here are at work during the meeting time you arrange, so few residents will attend this public meeting.

Therefore, this meeting cannot actually be called a public meeting, because almost the majority of residents will be absent. You'd better change the name of this meeting to the developer and the internal government meeting.

Thank you

Yaohua Lan
