To,
The Burlington City Team

I, Hiren Desai, a resident of Burlington, Ontario, would like to endorse the plan of building a cricket pitch in Sherwood Park.

The cricket pitch will be a great addition to the community fulfilling the demand for a much-needed full sized cricket ground and will help promote cricket in the city and inspire greater participation in the sport.

Thank you.

Sincerely,

Hiren Desai

Subject: Support for New Cricket Ground at Sherwood Park

Dear City Clerk,

I am writing to express my support for the proposed cricket ground at Sherwood Park, as outlined in report RCC-17-24, "Seeking Project Endorsement for Community Sport and Recreation Infrastructure Fund (CSRIF)."

As a member of the Halton Hercules Cricket Club, I believe this initiative will greatly benefit our community. The additional cricket ground will provide increased access to facilities for players of all ages and skill levels. It will also reduce travel time, promote a healthy lifestyle, and support the growing demand for cricket in Burlington.

This project is a valuable investment in our community's sports infrastructure, and I urge the council to endorse it during the upcoming meeting.

Thank you for considering this request. Please let me know if there's any further information I can provide to support this initiative.

Best regards,

Pardeep Singh

Good Evening,

As a member of the Halton Cricket Club and a resident of Burlington, I am writing to express my full support for the City of Burlington's application for a grant from the Community Sport and Recreation Infrastructure Fund (CSRIF) to build a new cricket pitch at Sherwood Park.

Cricket is one of the fastest-growing sports in Canada, and Burlington is no exception. Our community has seen a significant increase in cricket enthusiasts, with players of all ages and backgrounds eager to participate. Currently, Sherwood Park is the only location in Burlington that can accommodate a full-size cricket pitch, making it an ideal venue for this much-needed infrastructure.

A dedicated cricket pitch would not only enhance opportunities for youth and adults to engage in sports but also promote inclusivity, healthy lifestyles, and community development. This initiative would provide a space for organized leagues, recreational play, and skill development, fostering a sense of belonging among residents and supporting the city's commitment to recreation and wellness.

I strongly urge the City Council to prioritize this grant application and support the establishment of this facility, which will have a lasting positive impact on Burlington's community and recreational landscape.

Thank you for your consideration, and please feel free to contact me if I can provide further information or assistance in support of this project.

Regards,
Akhlaq Waris

From : Amit Joshi

[REDACTED], Burlington, [REDACTED]

Dear Sir/Madam,

Request for Construction of a Cricket Pitch in Burlington

I hope this letter finds you well. I am writing to you as a member of Halton Cricket Club. I would like to respectfully request the consideration of the City of Burlington for the construction of a dedicated cricket pitch within our city.

Cricket is a growing sport in Canada, and Burlington has a rich, diverse community that includes many cricket enthusiasts. However, currently, there is a significant lack of facilities to accommodate the increasing demand for cricket grounds. The addition of a cricket pitch would not only benefit local teams and clubs, but also encourage more people to engage in the sport, fostering a sense of community and promoting healthy outdoor activity.

Specifically, I propose the development of a well-maintained, full-size cricket pitch that can support both recreational and competitive matches. This would provide a safe and suitable venue for youth, adults, and families to participate in the sport. Additionally, it could attract regional and national tournaments, bringing further recognition and tourism to Burlington.

Thank you for considering this request.

Sincerely,

Amit Joshi

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Members of the Burlington City Council,

I am writing to express my full support for Report RCC-17-24, which seeks project endorsement to apply for funding under the Community Sport and Recreation Infrastructure Fund (CSRIF) to build a cricket pitch at Sherwood Park.

Cricket is one of the fastest-growing sports in Canada, driven by Burlington's diverse and multicultural community. The construction of a cricket pitch at Sherwood Park would address the increasing demand for accessible facilities that accommodate this popular sport, fostering inclusivity and active recreation for residents of all ages.

Currently, the lack of adequate cricket facilities in Burlington creates challenges for community members who wish to play, learn, and enjoy the game. Establishing a designated cricket pitch would not only serve as a hub for recreational and competitive cricket but also promote cultural exchange and community engagement.

Sherwood Park's accessible location and infrastructure make it an ideal choice for this much-needed addition. I strongly believe this project will enhance Burlington's reputation as a city that values sports, inclusivity, and community development. I respectfully urge the City Council to approve Report RCC-17-24 and fully support this application for CSRIF funding. This initiative represents an excellent opportunity to meet the growing recreational needs of our community.

Thank you for your consideration of this important project.

Sincerely,
Ashish Bhutani

Dear Sir/Madam,

As a resident of the city of Burlington, I would like to support the initiative to build a full size Cricket pitch at Sherwood Park. Cricket is a newly emerging popular sport in Canada and the Canadian Men's team was part of the recently concluded T20 World cup. Unfortunately, there are not many facilities available for the young generation and youth to play regularly. This facility will go a long way in fulfilling the need of some basic infrastructure that is required to encourage the youth.

Dear City Officials,

I hope this email finds you well. I am writing to express my strong support for the City of Burlington's initiative to apply for the federal *Community Sports and Recreational Infrastructure Fund (CSIRF)* to build a full-size cricket pitch at Sherwood Park.

Cricket has grown significantly in popularity within our community, providing an opportunity for people of all ages and backgrounds to engage in a sport that fosters inclusivity, teamwork, and active living. Sherwood Park is an excellent location for this much-needed facility, and this initiative will undoubtedly enrich Burlington's recreational offerings.

I encourage the councilors to back this proposal and ensure the necessary steps are taken to secure the grant. This project will have a lasting positive impact on our city's sports infrastructure and its residents.

Thank you for your efforts in making Burlington a vibrant and inclusive community.

Thank you,
Chintan Patel

Dear Members of Burlington City Council,

I am writing to express my strong support for the proposed grant application to the Community Sport and Recreation Infrastructure Fund (CSRIF) for the development of a new cricket pitch at Sherwood Park in Burlington. As a member of the Halton Cricket Club and an active member of the Burlington community, I believe that the creation of a full-sized cricket pitch at this location is an essential step in fostering the growth of cricket in our city and promoting a healthy, active lifestyle among residents of all ages.

Burlington has a rapidly growing community of cricket enthusiasts, yet the city currently lacks a dedicated facility that can accommodate a full-sized cricket pitch. Sherwood Park is uniquely positioned as the only viable location in Burlington to support such a facility, making this initiative even more critical. A new pitch would not only provide the infrastructure needed for local teams to practice and compete, but it would also create a welcoming space for youth to learn the sport and develop lifelong skills.

Cricket is a sport that promotes teamwork, discipline, and fitness, and it is an excellent way to engage youth and adults in physical activity. Given the increasing interest in cricket in Burlington, I am confident that this new facility will serve as a hub for community engagement, creating opportunities for local leagues, schools, and recreational programs to thrive.

Additionally, the development of this pitch would have a positive economic impact by attracting teams and spectators from outside the region, further positioning Burlington as a hub for regional sporting events. This would help drive tourism and enhance the city's reputation as a vibrant, active community.

On behalf of the Halton Cricket Club and the many residents who would benefit from this initiative, I strongly urge the City Council to support this application for funding. Investing in the development of a cricket pitch at Sherwood Park is not just an investment in the sport itself, but in the well-being and active lifestyle of all members of our community.

Thank you for your consideration of this important initiative. I am happy to provide further support or discuss the proposal in more detail if needed.

Regards,
Darshil Shah

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear City of Burlington,

I, Deepak Malkani, am writing you this email to respectfully request the consideration of a new cricket pitch within Sherwood Park to accommodate the increasing demand for cricket facilities in Burlington. The creation of such a facility would address the needs of a growing community of cricket enthusiasts and support the development of the sport locally.

In recent years, interest in cricket has significantly increased, with many residents actively seeking opportunities to participate in the sport. Currently, there is a lack of dedicated cricket pitches in Burlington, and existing recreational spaces are insufficient to meet the demand. As a result, many players (like me - a resident of Milton) are required to travel to neighboring cities, which discourages participation and limits access to this inclusive and community-building sport.

The construction of a cricket pitch would provide numerous benefits:

1. Promoting Physical Health and Wellness

Cricket encourages physical activity, which is essential for maintaining a healthy lifestyle. The sport engages individuals of all ages in cardiovascular exercise, enhances coordination, and improves overall fitness levels. By providing a dedicated space for cricket, more residents would be encouraged to engage in regular physical activity, contributing to the City's efforts to promote health and wellness.

2. Supporting Community Engagement

Cricket has been recognized for its ability to foster community spirit and social inclusion. With a diverse population in Burlington, many residents from South Asian, Caribbean, and other cricket-loving backgrounds would greatly benefit from having a local facility. The establishment of a cricket pitch would provide an opportunity for cultural exchange, community events, and youth programs, fostering a sense of belonging and inclusion among residents.

3. Encouraging Youth Participation

Access to a dedicated cricket pitch would create opportunities for youth engagement in sports. Participation in organized cricket leagues and training programs would help young residents develop teamwork, discipline, and leadership skills. Additionally, early exposure to cricket could inspire future athletes, thereby contributing to the growth of cricket in Canada and the potential for Burlington to produce players at regional and national levels.

4. Aligning with Broader Sport Development Goals

Cricket is one of the fastest-growing sports in Canada, and its development has been

actively supported by Cricket Canada and local cricket associations. By investing in a cricket facility, Burlington would position itself as a progressive city that supports the growth of emerging sports and promotes active lifestyles. The availability of a cricket pitch would also enable the city to host regional tournaments and events, attracting visitors and boosting local tourism and economic activity.

The proposed location at Sherwood Park is ideal due to its accessibility, existing infrastructure, and ample space to accommodate a cricket pitch without compromising other recreational activities. Residents in the surrounding neighborhoods would greatly benefit from the addition, and the park would become a hub for diverse sporting activities.

I trust that this request will be given careful consideration. The addition of a cricket pitch would not only enhance the recreational offerings of Sherwood Park but also contribute to the City's vision of fostering a vibrant, active, and inclusive community.

I sincerely appreciate your attention to this matter and look forward to a positive response.

Thank you for your time and consideration.

Sincerely,
Deepak Malkani.

Dear City Councillor

As a proud member of the Halton Cricket Club, I am writing to express my strong support for the City of Burlington's application for a grant from the Community Sport and Recreation Infrastructure Fund (CSIRF) to build a full-size cricket pitch at Sherwood Park.

Cricket has seen significant growth in Burlington, with an ever-increasing number of youths and adults engaging with the sport. However, our community faces a lack of appropriate infrastructure to nurture this passion effectively. Currently, Sherwood Park is the only location in Burlington capable of accommodating a full-size cricket pitch, making it a vital site for this much-needed development.

The establishment of a dedicated cricket pitch will not only promote the sport but also encourage a healthy and active lifestyle among individuals of all ages. It will provide a platform for fostering community spirit, inclusivity, and athletic development. Such an initiative aligns perfectly with Burlington's goals to promote recreational opportunities and enhance the quality of life for its residents.

On behalf of the Halton Cricket Club and the wider cricket-loving community in Burlington, I strongly urge your support for this initiative. This investment in sports infrastructure will have a lasting positive impact, creating opportunities for engagement, growth, and community well-being.

Thank you for your attention to this matter, and I look forward to seeing Burlington take another step toward embracing its growing cricket community.

Yours sincerely,

Gaurav Pahwa

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear City Councilors,

I hope this message finds you well. My name is Gaurav Thakur, a proud member of Halton Cricket Club and a passionate cricket enthusiast from Burlington. I am writing to wholeheartedly support the City's initiative to apply for a grant from the "Community Sport and Recreation Infrastructure Fund (CSIRF)" to build a cricket pitch at Sherwood Park.

As you know, Burlington's cricket community has been growing rapidly, reflecting the diversity and enthusiasm of our residents. Currently, our city lacks a full-size cricket pitch, which limits opportunities for players of all ages to engage in the sport. Sherwood Park presents a unique chance to address this gap and provide a space where youth and adults can come together, stay active, and foster community connections.

Building this facility will not only help develop cricket as a sport but also promote healthy lifestyles, inclusivity, and cultural exchange within Burlington. It is an investment in our community's physical and social well-being, and I strongly urge the City Council to prioritize this initiative.

Thank you for considering this vital project. Please feel free to reach out if you need additional support or insights from our cricketing community.

Warm regards,
Gaurav

Hello,

I'm a resident of Alton Village Burlington and my son (age 10) plays for Halton Cricket Club.

I fully support this initiative since Burlington needs a new ground given the demand of the residents.

It would be great if this initiative is approved.

Thanks,
Gun

Hello Office Bearers of the City of Burlington

As a resident of Burlington, I am writing this email to resonate with the city's initiative to build cricket ground at Sherwood Park.

Currently playing with Halton Cricket Club, I personally have noticed a continuously growing community of cricket enthusiasts in Burlington, making this is an absolute necessity in order to develop cricket and promote a healthy lifestyle.

Hope the city will receive proper support going forward.

Thank you
Gurbhej Singh

From: harish subramanian

Hello,

I am writing to express my strong support for the City of Burlington's application to the Community Sport and Recreation Infrastructure Fund (CSIRF) for the construction of a new cricket pitch at Sherwood Park. As a dedicated member of the Halton Cricket Club, I recognize the urgent need for this facility to support the growing cricket community in Burlington.

A new cricket pitch at Sherwood Park would provide numerous benefits to the community:

- * **Promoting Healthy Lifestyles:** Cricket is a physically demanding sport that promotes physical fitness, mental well-being, and social interaction.
- * **Developing Young Talent:** A dedicated cricket pitch would provide a platform for young cricketers to hone their skills and aspire to higher levels of competition.
- * **Community Engagement:** Cricket is a sport that brings people of all ages and backgrounds together, fostering a sense of community and belonging.
- * **Economic Benefits:** A well-maintained cricket facility can attract local and regional cricket tournaments, boosting local businesses and tourism.

The absence of a full-size cricket pitch in Burlington has limited the growth of the sport and hindered our ability to host matches and tournaments. The construction of a new pitch would address this critical need and position Burlington as a hub for cricket in the region.

I urge the City Council to support this important initiative and allocate the necessary funds to make this project a reality. By investing in this project, the City of Burlington will be investing in the health, well-being, and future of our community.

Thank you for your time and consideration.

Sincerely,
Harish Subramanian

To, The Burlington City Team

“Seeking project endorsement for Community Sport and Recreation Infrastructure Fund (CSRIF)”

I, Harpreet Singh, member of Halton Cricket Club, would like to endorse the plan of building a cricket pitch in Sherwood Park.

The cricket pitch will be a much needed addition to the community fulfilling the demand for a full sized cricket ground.

This will help promote cricket in the city and inspire youth participation in the sport.

Thank you.

Regards
Harpreet Singh

Dear City Councilors,

As a proud member of the Halton Cricket Club and a resident of Burlington, I am writing to express my enthusiastic support for the City of Burlington's application for funding through the Community Sport and Recreation Infrastructure Fund (CSIRF) to build a new cricket pitch at Sherwood Park.

Cricket has seen remarkable growth in Burlington, driven by the city's vibrant and diverse community of cricket enthusiasts. This sport is not only a passion for many residents but also an excellent avenue for fostering inclusivity, promoting physical activity, and encouraging community engagement among youth and adults alike. However, Burlington currently lacks sufficient facilities to meet the growing demand for cricket infrastructure. Sherwood Park is the only available space in the city that can accommodate a full-size cricket pitch, making this project a crucial step toward addressing this need.

The addition of a proper cricket pitch at Sherwood Park would have profound benefits:

- **Youth Development:** A dedicated cricket facility would provide local youth with opportunities to learn and excel in the sport, fostering teamwork, discipline, and a sense of achievement.
- **Community Engagement:** The pitch would serve as a hub for hosting community events, matches, and tournaments, bringing residents together and strengthening social bonds.
- **Health and Wellness:** Cricket promotes physical fitness, mental well-being, and an active lifestyle, contributing to the overall health of Burlington residents.

As a member of Halton Cricket Club, I have witnessed firsthand the passion and commitment of Burlington's cricket enthusiasts. However, our efforts are limited by the lack of suitable infrastructure. A cricket pitch at Sherwood Park would allow us to expand our programs, engage more participants, and elevate the standard of cricket in the city.

I strongly urge the city councilors to support this initiative, which aligns with the fund's mission to enhance community recreation infrastructure and promote healthy lifestyles. This investment will not only meet the current demand but also inspire future generations to embrace cricket and its values.

Thank you for considering this application. Please do not hesitate to contact me at 647-862-4836 or mailing.harsh@gmail.com should you require any additional information or testimonials in support of this project.

Yours sincerely,

Harsh

Dear Councilors,

I am writing as a dedicated member of the Halton Cricket Club, based in Burlington, to express my strong support for the city's application to the Community Sport and Recreation Infrastructure Fund (CSIRF) for the development of a new cricket pitch at Sherwood Park. As the only available ground in Burlington capable of supporting a full-size cricket pitch, this initiative is of vital importance to both the local cricket community and the broader community as a whole.

Cricket is a rapidly growing sport in our region, and the demand for facilities that can accommodate the sport's specific requirements has never been higher. Currently, many cricket enthusiasts—both youth and adult players are faced with the challenge of limited access to proper facilities, hindering the sport's growth and the ability to host competitive matches. A dedicated cricket pitch at Sherwood Park would not only address these challenges but also help cultivate a passion for cricket among local youth, encouraging them to lead healthy, active lifestyles.

The development of this pitch is a significant opportunity to enhance community engagement, foster physical activity, and promote inclusivity, as cricket is a sport that transcends age, gender, and cultural backgrounds. The establishment of a quality cricket facility would serve as a hub for training, local tournaments, and community events, benefiting not just players, but spectators and families as well.

I urge you to consider the long-term benefits of this project and the positive impact it will have on the city of Burlington. Supporting this initiative would be a forward-thinking investment in the health and well-being of our residents and the promotion of recreational opportunities for all.

Thank you for your attention to this important matter. I am confident that with your support, Burlington can become a thriving center for cricket, bringing our community together and inspiring the next generation of athletes.

Sincerely,

Jaspreet Singh

Dear Members of the Burlington City Council,

As a proud member of the Halton Cricket Club and a resident of Burlington, I am writing to express my strong support for the City's application to the **Community Sport and Recreation Infrastructure Fund (CSRIF)** to build a full-size cricket pitch at Sherwood Park.

With the growing popularity of cricket in our community, the need for proper infrastructure has become critical. Currently, Sherwood Park is the only location in Burlington that can accommodate a full-size cricket pitch, making it an ideal site for this project. However, the absence of a dedicated facility has limited opportunities for cricket enthusiasts—both youth and adults—to participate in the sport they love.

The construction of a cricket pitch at Sherwood Park would have a significant positive impact on the Burlington community:

- Promoting Physical Activity:** Cricket is a sport that encourages an active and healthy lifestyle. Providing a dedicated space for cricket will inspire more residents, especially youth, to engage in outdoor physical activity.
- Cultural Inclusivity:** Cricket is immensely popular among diverse communities, including newcomers to Canada. Investing in a cricket pitch demonstrates Burlington's commitment to inclusivity and providing recreational opportunities for all.
- Community Development:** The cricket pitch will serve as a hub for local events, leagues, and tournaments, fostering camaraderie, teamwork, and community pride.
- Youth Development:** Many young players in Burlington are eager to develop their cricketing skills. A local facility will allow them to train, compete, and potentially represent Burlington at higher levels of competition.

As a member of the Halton Cricket Club, I have witnessed firsthand the tremendous enthusiasm for cricket in our city. Our club has grown rapidly, with increasing demand for more opportunities to play the sport. Without proper facilities, we risk stifling this growth and depriving residents of a valuable recreational outlet.

I urge the City Council to prioritize this initiative and support the funding application. Investing in a cricket pitch at Sherwood Park is not just about building infrastructure—it is about investing in the health, inclusivity, and future of our community.

Thank you for your time and dedication to making Burlington a better place for everyone. Please feel free to contact me if you require any additional information or wish to discuss this further.

Sincerely,

--

City of Burlington Councilors

Subject: Letter of Support for the Community Sport and Recreation Infrastructure Fund (CSIRF) Grant Application

Dear Councilors,

I am writing to express my strong support for the City of Burlington's application for a grant from the Community Sport and Recreation Infrastructure Fund (CSIRF) to build a new cricket pitch at Sherwood Park. As a proud member of the Halton Cricket Club and a resident of Burlington, I believe this initiative is a vital step toward fostering community engagement, promoting a healthy lifestyle, and supporting the growing interest in cricket within our city.

Sherwood Park is currently the only available location in Burlington that can accommodate a full-size cricket pitch, making it an essential site for the development of this sport. Over the past few years, the cricket community in Burlington has expanded significantly, encompassing individuals of all ages and backgrounds. However, the lack of adequate facilities has limited opportunities for players to train, compete, and enjoy this globally popular sport.

Building a cricket pitch at Sherwood Park would not only address this need but also provide a space for youths and adults alike to engage in physical activity, learn teamwork, and connect with one another. Cricket is more than just a sport—it brings people together, builds community spirit, and celebrates cultural diversity. This initiative aligns perfectly with Burlington's commitment to fostering an inclusive and active community.

I respectfully urge the council to fully support this grant application, as it will contribute significantly to the well-being and recreational opportunities of Burlington's residents. Thank

you for considering this important project, and I am confident it will have a lasting positive impact on our city.

Sincerely,

Jit Patel

Hi,

I am writing this email to extend my support to the city of Burlington to have a cricket ground. The sport has gained huge popularity over the years and as a player myself would love to have a cricket ground in the city.

Looking forward.

Dear Councilors,

As a member of the Halton Cricket Club and a resident of Burlington, I strongly support the City's application to the Community Sport and Recreation Infrastructure Fund (CSRIF) for building a full-sized cricket pitch at Sherwood Park.

Cricket is rapidly growing in Burlington, yet the lack of proper facilities limits opportunities for youth and adults to engage in the sport. A cricket pitch at Sherwood Park will promote healthy lifestyles, support community diversity, and enable Burlington to host leagues and tournaments locally.

This project is vital to meeting the needs of our expanding cricket community. I urge the council to prioritize this initiative for the long-term benefits it will bring to residents.

Thank you for your consideration.

Sincerely,
Neel Patel

Burlington, ON L7R 3Z6

Subject: Letter of Support for Grant Application to Build a Cricket Pitch at Sherwood Park

Dear Members of Burlington City Council,

I am writing as a proud member of the Halton Cricket Club and a resident of Burlington to express my full support for the City's initiative to apply for funding from the Community Sport and Recreation Infrastructure Fund (CSRIF) to build a full-size cricket pitch at Sherwood Park.

Cricket is one of the fastest-growing sports in Canada, driven by the diverse and vibrant communities that call Burlington home. In recent years, we have witnessed significant growth in cricket enthusiasts across all age groups in our city, yet the lack of dedicated infrastructure has hindered opportunities for players to train, compete, and enjoy the sport. Sherwood Park is the only available ground in Burlington that can accommodate a full-size pitch, making it the ideal location for this essential development.

Building a cricket pitch is not just about sports infrastructure—it is an investment in our community’s health, well-being, and inclusivity. Cricket encourages physical activity, teamwork, and discipline while promoting cultural connections within our diverse population. For youth, it offers a constructive outlet and fosters healthy habits. For adults, it provides an opportunity to stay active and engaged.

The addition of a cricket pitch at Sherwood Park would enable the Halton Cricket Club and other groups to host games, tournaments, and training sessions, further putting Burlington on the map as a hub for recreation and sports. It will serve as a community gathering point, fostering stronger bonds and shared experiences.

I urge the City Council to prioritize this grant application and recognize the long-term benefits this project will bring to Burlington’s residents. As a Halton Cricket Club member, I am committed to supporting this initiative in any way I can, and I look forward to seeing cricket thrive in our city.

Thank you for your attention and for considering this vital step toward enhancing our community’s sports and recreational opportunities.

Yours sincerely,

Nikunj Dobariya

Hi,

My name is Nirjhar Vermani, a proud resident of Burlington and the owner of the Burlington Premier Cricket Club. I am writing to express my strong support for **RCC-17-24**, advocating for the establishment of an official cricket pitch in Burlington.

As cricket continues to grow in popularity within our community, having a dedicated facility would not only promote active lifestyles but also provide an inclusive space for individuals of all ages to engage in this sport. It would be a valuable asset to Burlington's sports infrastructure and a positive step toward fostering cultural diversity and recreation in our city.

Thank you for considering this important initiative. Please feel free to reach out if you would like additional input or support from the cricket community.

Best regards,

To the Burlington City Team,

I am Pratik Babaria, a proud resident of the Town of Halton Hills and an enthusiastic member of the Halton Cricket Club. I am writing to express my wholehearted support for the proposal to build a cricket pitch in Sherwood Park.

Imagine a vibrant cricket pitch nestled in the heart of our community, where the sound of leather on willow echoes through the park, and the spirit of cricket brings people together. This pitch will not only meet the growing demand for a full-sized cricket ground but also serve as a beacon, inspiring young and old alike to embrace this wonderful sport.

A cricket pitch in Sherwood Park will be more than just a field; it will be a place where friendships are forged, skills are honed, and the love for cricket is nurtured. It will be a testament to our city's commitment to promoting sports and fostering a sense of community.

Thank you for considering this proposal. Let's bring the joy of cricket to Burlington!

Sincerely,

Pratik Babaria

Hello and Greetings,

To City of Burlington

It has come to our attention that "City of Burlington" is pursuing/applying for a grant from the "Community Sport and Recreation Infrastructure Fund (CSIRF)". One of the purposes of the grant application, is to build a new cricket pitch at Sherwood Park Burlington.

I as a full time member of the Halton Cricket club residing in the halton region fully support this initiative. Considering Sherwood park is the only available full size ground in Burlington that can host the infrastructure requirements of a full size pitch, it will be essential for a new cricket facility in Burlington.

Cricket as a sport is growing exponentially in our region, province and within communities. With Canada's international presence on the cricket circuit the popularity of the sport is expected to soar even further. In order to harness the true potential of our young athletes and encouragement to pick physical activities requires these sporting facilities readily available. This sporting events when hosted are also a great medium for the communities to come together and celebrate the sporting culture that we are proud of.

With that I would like to wish all the best to the pursuant (City of Burlington) in successfully securing the grant and look forward to a new sporting facility in our community in near future.

Thanks and Regards,
Puneet Jethani

Hi,

I would like to express my support for enhancing the support system for promoting the game of cricket in Burlington.

My whole family including young kids enjoys this sport very much and would love to see the city invest more in this sport.

By investing in a new playground for cricket, the city would offer a great opportunity for families to come together and play a sport a lot of us immigrants have grown up with and can help Canada, our new home, achieve a global leader status in the coming years.

Regards,
Rahul Chugh

Subject: Support for the Cricket Pitch at Sherwood Park

To the Council Chambers,

Burlington Council

Subject: Letter of Support for Cricket Pitch at Sherwood Park

Dear Councillors,

I am writing to express my strong support for the establishment of a cricket pitch at Sherwood Park, as outlined in report RCC-17-24, "*Seeking Project Endorsement for Community Sport and Recreation Infrastructure Fund (CSRIF)*." This initiative presents a valuable opportunity to enhance both the recreational and competitive sports infrastructure in our community, catering to the diverse sporting interests of our residents.

Cricket is more than just a sport; it fosters community spirit, promotes physical health, and celebrates cultural diversity. As you are aware, cricket is one of the fastest-growing sports across the Greater Toronto Area and Canada. It is embraced not only by families and individuals from South Asian backgrounds but also by enthusiasts from the UK, Australia, Caribbean countries, and beyond. Despite this widespread interest, the lack of a dedicated cricket facility significantly limits opportunities for engagement.

A cricket pitch at Sherwood Park would address this gap, encouraging participation from people of all ages and backgrounds. Our club, the Burlington Cricket Club, currently boasts over 280 registered members, including 30+ youth eager to learn and play cricket. At present, we make do with baseball diamonds, as Central Park's single cricket pitch cannot accommodate the growing demand. While these diamonds are not designed for cricket, they serve as a temporary solution in the absence of a proper facility.

The proposed project aligns seamlessly with the objectives of the Community Sport and Recreation Infrastructure Fund, particularly in its commitment to improving accessibility and promoting inclusivity in sports. Sherwood Park's central location and existing amenities make it an ideal venue to host a cricket pitch, which would not only enhance the park's appeal but also contribute to the overall well-being of our community.

I strongly urge the Council to prioritize the development of a cricket pitch at Sherwood Park. This investment will have a lasting and positive impact, providing a safe and engaging space for current and future generations to play, connect, and thrive.

Thank you for considering this important initiative. I am confident it will be a meaningful step forward in supporting recreational diversity and enriching the lives of our community members.

Thanks,

Rahul Dhakan,

Director, Burlington Cricket Club

Good Afternoon,

Hope this email finds you well, I am from Halton Cricket Club, a group of passionate cricket enthusiasts. Cricket is a beloved sport in our community, fostering not only physical activity but also teamwork, discipline, and social engagement. As you are aware that city of Burlington is applying for a gov grant from the "*Community Sport and Recreation Infrastructure Fund (CSRIF)*" to build a new Cricket pitch at **Sherwood Park** in **Burlington**.

Since this is the only available ground at this moment in Burlington that can support a full-size Cricket pitch and we highly believe that having a dedicated Cricket pitch at Sherwood Park will bring immense benefits to our community, including providing a safe and constructive outlet for youth, encouraging healthy lifestyles, and strengthening social bonds.

I am writing this letter of support this great initiative to the city councillors as a Halton Cricket Club member from Burlington. Thank you for considering our request. We look forward to your positive response and your continued support for community sports and development.

Regards,
Ravi

Good afternoon,

I am writing to express my strong support for the City of Burlington's application for a grant from the Community Sport and Recreation Infrastructure Fund (CSRIF) to build a new full-sized cricket pitch at Sherwood Park. As a dedicated member of the Halton Cricket Club and an avid advocate for the sport, I believe this initiative is critical for the continued growth of cricket in our community and for the promotion of an active and healthy lifestyle among our youth and adults.

Cricket is a sport that has long been popular in many parts of the world and is quickly gaining momentum here in Burlington. The growing community of cricket enthusiasts—comprising players, coaches, volunteers, and fans—desperately needs a dedicated facility to foster both the competitive and recreational aspects of the game. Currently, Sherwood Park stands as the only viable location in Burlington that can accommodate a full-sized cricket pitch, making it the ideal site for this much-needed development.

A new cricket pitch at Sherwood Park would not only support local teams like the Halton Cricket Club but also encourage new players to engage with the sport. It will provide a space where youth can learn discipline, teamwork, and physical fitness, all while participating in a globally cherished activity. Moreover, it will serve as a hub for local tournaments, bringing both regional and national attention to Burlington as a city that supports a vibrant and diverse sporting community.

This initiative also aligns with Burlington's commitment to promoting inclusivity, health, and well-being for residents of all ages. A state-of-the-art cricket pitch will not only help to grow the sport of cricket but will also contribute positively to the physical and mental health of our community members.

I wholeheartedly support this grant application and encourage the city council to move forward with this essential project. A new cricket pitch at Sherwood Park will serve as a vital asset to Burlington and will inspire future generations to enjoy the sport, stay active, and build meaningful community connections.

Thank you for considering this proposal, and I look forward to the council's favorable decision in support of this exciting and important initiative.

Sincerely,

Sameer Verma

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear City of Burlington Clerks,

I am writing to express my full support for the proposal outlined in report RCC-17-24, “Seeking project endorsement for Community Sport and Recreation Infrastructure Fund (CSRIF),” which aims to secure funding to build a cricket pitch at Sherwood Park.

Cricket has seen tremendous growth in Burlington, fueled by increasing participation from players of all ages and diverse backgrounds. Despite the growing demand, the availability of proper cricket facilities has not kept pace, leaving many cricket enthusiasts without an adequate venue to practice and play. The proposed cricket pitch at Sherwood Park would address this gap, fostering inclusivity and providing an essential space for recreation, competition, and community-building.

As a local resident and supporter of community sports, I strongly believe this project will benefit not only cricket players but the broader community, promoting active lifestyles, multicultural engagement, and youth development. This facility would be a significant step forward in making Burlington a hub for cricket, aligning with the city’s commitment to diverse recreational opportunities.

I kindly urge the council to support this important initiative and approve the recommendation to apply for the Community Sport and Recreation Infrastructure Fund. Thank you for considering this critical project for our community.

Warm Regards,
Sanam Patel
Halton Hercules Cricket Club

Dear Members of the City Council,

Subject: Support for the Community Sport and Recreation Infrastructure Fund (CSIRF) Grant Application for a New Cricket Pitch at Sherwood Park

I am a Burlington resident and a cricket enthusiast. I am writing to express my strong support for the City of Burlington's application for the Community Sport and Recreation Infrastructure Fund (CSIRF) grant to build a new cricket pitch at Sherwood Park. I strongly believe this project is an essential step toward developing the sport.

On behalf of the Halton Cricket Club and the growing number of cricket enthusiasts in Burlington, I strongly encourage the City Council to support this grant application. The new cricket pitch at Sherwood Park will really benefit in elevating the standard of our local cricket program and will contribute towards Canadian Cricket as a whole.

Thank you for your time and consideration. I look forward to your support for this important initiative.

Sincerely,
Sandeep Agarwal
Halton Cricket Club Member

To,

The Burlington City Team

I, Sandeep Charuvil Ninan, a resident of Burlington, Ontario, would like to endorse the plan of building a cricket pitch in Sherwood Park.

The cricket pitch will be a great addition to the community fulfilling the demand for a much-needed full sized cricket ground and will help promote cricket in the city and inspire greater participation in the sport.

Thank you.

Sincerely,
Sandeep Charuvil Ninan

Good afternoon

My name is Sani Isnain , I play for Halton Cricket club

We do not have enough pitches to play cricket in this region , as a growing cricket loving community we need more cricket ground in this region .

Regards

Sani Isnain

Hi,

I support Reference Report RCC-17-14 for the Community Sport and Recreational Infrastructure Fund (CSRIG). Cricket is growing rapidly in the GTA and Canada, and a dedicated cricket ground is essential. This project will provide the necessary infrastructure for the Burlington cricket community.

Thank you for considering this important project.

Best regards,

Shah Zafar

To the Burlington City,

My name is Yadwinder. I am a resident of Waterdown and a proud member of the Halton Cricket Club. I am writing to express my support for the proposed plan outlined in Report RCC-17-24 to build a cricket pitch in Sherwood Park.

Adding a full-sized cricket pitch will address the growing demand for this facility in our community. It will not only provide a dedicated space for cricket enthusiasts but also encourage greater participation in the sport, helping to further promote cricket in Burlington.

Thank you for considering this project.

Sincerely,
Yadwinder Singh

I am writing as a member of the Halton Cricket Club to express my strong support for the proposed new cricket pitch at Sherwood Park, funded through the Community Sport and Recreation Infrastructure Fund (CSIRF). With cricket growing in popularity in Burlington, this full-size pitch is essential to meet the needs of our community. It will provide a much-needed facility for players of all ages to participate in the sport, promoting physical activity, teamwork, and community engagement. Supporting this initiative will not only enhance local infrastructure but also help foster a healthy, active lifestyle for residents of all backgrounds.

Thank you for your consideration and support.

Yuvraj Singh

Hello Office Bearers of the City of Burlington

As a resident of Burlington, I am writing this email to resonate with the city's initiative to build cricket ground at Sherwood Park.

Currently playing with Halton Cricket Club, I personally have noticed a continuously growing community of cricket enthusiasts in Burlington, making this is an absolute necessity in order to develop cricket and promote a healthy lifestyle.

Hope the city will receive proper support going forward.

Tks.

Zia
