The details of the Amendment, as contained in Part “B” of this text, constitute Amendment No.164 to the Official Plan of the City of Burlington Planning Area, as amended.

PART A – PREAMBLE

1. PURPOSE OF THE AMENDMENT

The purpose of this amendment is to permit a 12-storey mixed use building consisting of ground floor retail and service commercial uses with 253 residential units and access to Glenwood Avenue and Birchwood Avenue.

2. SITE AND LOCATION

The subject lands are located on south side of Plains Road East between Glenwood Avenue and Birchwood Avenue. The subject lands are approximately 0.47 hectares in size and are currently occupied by 3 single-detached dwellings on separate parcels, more specifically on the properties municipally known as 84, 104 Plains Road East and 990 Glenwood Avenue while property 92 Plains Road East is currently vacant.

Surrounding land uses consist of a mix of residential, employment, commercial, office and institutional uses.

3. BASIS FOR THE AMENDMENT

- a) The subject application proposes intensification that is consistent with the Provincial Policy Statement (PPS), 2024. The PPS promotes a range and mix of uses and housing that efficiently uses land, resources, infrastructure, and public service facilities and is supportive of public transit.
- b) Intensification of land within built-up, serviced areas of the City makes more efficient use of existing developed lands and provides employment opportunities which meets the intent of the Region of Halton Official Plan.
- c) The proposed development supports the City's objective to broaden the range of housing forms and supply to meet City needs in a manner that is compatible with surrounding properties and uses.

- d) The proposed development is located on lands with adequate infrastructure and in close proximity to transit routes, commercial uses and community amenities so satisfies Official Plan policies to provide housing opportunities in locations that can reduce travel times and decrease dependence on the car.
- e) The applicant submitted technical studies that provide adequate and appropriate information to support the development.
