To whom it may concern,
Regarding File Number 540-02-A-066/25

The property in question is 881 Glenwood Ave. Burlington, Ontario.

We have a level of concern in regard to the titled subject.
We reside at 885 Glenwood Avenue. This proposal provides detrimental impact to our property and homesite.

We do not provide consent for the removal of trees identified as trees #4 through #12 per Davey resource Group Arborist Report Pre-Construction Assessment appendix 1.

Furthermore, we have additional concern that proposed excavation limits may damage trees #4 through #12.

The damage and/or removal of these trees will eliminate the privacy and destroy the continuity of our property that we have enjoyed for over 45 years.

We strongly oppose this proposal along with all variances.

Regards,
Bette & Lyle Zeran
