Dear Mayor Arie Hoogenboom:

Re: Resolution - Rideau Lakes Concerns re Alto High Speed Rail Project (Bill C-15 Budget)

Please be advised that the Council of the Township of Otonabee-South Monaghan at its meeting on March 16th, 2026, passed the following resolution:

R67-2026

Moved by Councillor Terry Holmes
Seconded by Councillor Mark Allen

That Council hereby supports the letter to Senator from Rideau Lakes regarding concerns with the Alto High Speed Rail Project (Bill C-15 Budget), as attached.

And further that this resolution be forwarded to all parties listed on the original correspondence.

CARRIED.

Yours truly,
Township of Otonabee-South Monaghan

Liz Ross
Deputy Clerk

Dear Senator,

Re: Rideau Lakes Concerns re Alto High Speed Rail Project (Bill C-15 Budget)

We in Rideau Lakes Township are writing this letter because of major concerns about the Alto High Speed Rail Project (HSR), as well as a request to fully evaluate our concerns of Bill C-15 in relation to Alto HSR and expropriation of land.

The Alto HSR is lacking full and meaningful consultation of critical information for the early design and development phase. We recognize that having this information is important to the engineers in determining routes that minimize disruptions to the communities, residents, businesses, farmland, waterways, environment, and ecosystems that they pass through. What we have experienced is less than adequate information upon which to base our ability to conduct impact assessments involving our rural communities, agriculture, businesses, and countless heritage buildings and monuments. Alto's recently proposed Southern Ontario route included a 10 km wide corridor, and they provided high-level maps which are not useful in determining the impacts which more detailed route maps would give us and that are vital to our informed feedback. Without more information from Alto, this reduces our more local and valuable ability to provide critical information to Alto planners and engineers.

HSR will divide communities. There will be a major impact on our roadways for school buses, public transportation and emergency vehicles given the many closed roadways when fences are erected along the HSR route. This will increase mortality and morbidity as it will take longer to receive timely care. Farther to travel will also increase emissions and costs for plowing and road maintenance. Without more information from Alto, this reduces our local and valuable ability to provide critical information to Alto planners and engineers.

The Southern route would traverse the UNESCO recognized Frontenac Arch Biosphere Region, the ancestral lands of the Haudenosaunee (Kanien'kehá:ka) and Anishinaabeg (Algonquin); where a land bridge of the Canadian Shield connects the Algonquin and Laurentian Highlands to the Adirondack Mountains in the USA. Many animals use this migration route in both directions every year, and unless wildlife corridors are included in the ALTO plans, this would cut off their migration.

This does not begin to speak to the negative impact on tourism which is estimated in the order of \$30 million for the UNESCO Rideau Canal system from Ottawa to Kingston.

Another major concern is that the government proposes to grant Alto, as a Crown Corporation, the right to 3 methods of property expropriation! Until now the government itself held the right to a single method of property expropriation. This causes our residents varying degrees of stress ranging to mental anguish if their properties are affected and they will not get full current market value if they decided to sell. Under the new proposed legislation, they would be forced to sell to the Corporation! This is of particular concern to many potentially affected property owners who are in the business of farming and feeding our population.

Cost analysis to build the railway in the northern and southern routes has not been done. We have also been told that a route parallel to the St. Lawrence River and Lake Ontario is not viable. We do not have enough information to understand why this option is not viable.

Rideau Lakes Township is asking you, and your Senate colleagues, to undertake your considered review of our concerns that are being sent to you for First Reading. We hope that you will see that this portion of Bill-C15 (HSR and expropriation) is premature, given that there are many unanswered questions and important issues have not been adequately addressed in the information provided. There has been inadequate public consultation to move to the development stage of this generationally important Canadian transportation project affecting so many lives along whatever corridor may eventually be approved. Should the Senate determine that a delegation to a Senate committee be appropriate with a view to consolidating recommendations for changes that would go back to the House of Commons, we would be available to participate, of course upon invitation.

Thank you for your attention in this very important matter affecting all of us here and across Ontario! It would be very much appreciated if I could receive a response in order to brief my Council.

Yours respectfully,

Arie Hoogenboom
